Andrea Thompson
Editor-In-Chief

In my 1985-86 yearbook Mrs. Duncan wrote, "Welcome to the headaches, hard work and the most self-fulfilling job you'll ever experience!" As I read that, I thought, "Whoa, that's deep!" It was definitely a 'deep' statement, but it was also true. This book took a lot of exhausting, hard work and I did get a few headaches. It was also (like Mrs. D. said!) a very self-fulfilling job. I learned a lot about myself, the staff and our limits.

While I was at a yearbook seminar during the summer at U.C.S.B., I was told that you are never truly an editor until you've cried. Well, I can't say that I've cried, but I've come pretty close to it around deadline times and when things weren't looking to great.

The staff and I did our best to make this yearbook the greatest ever: a wonderful exit for the seniors and a wonderful entrance for the freshmen. As for the juniors and sophomores, a wonderful 'in-between' book!

I'd like to say thank you to the staff and I hope everyone enjoys this yearbook!!!!!!

HAVING FUN AT

H.H.S.

Having fun is what we do best here at H.H.S. Whether we are in the classroom or hanging out with our friends, we're having fun. We may not realize it at first. Like when we're in 3rd period and take a look at the clock, which says 10:57 am. Then we think to ourselves, "Hey, wait a second! It seems that just a minute ago it was 10:09 am!" This confuses us for a little while. Then we discover that we must have had some fun, because the period went by so fast. Like they say, "Time flies when you're having fun." We've got to admit it. Deep down, we know we had fun talking with our friends and listening to the teacher. Who knows. We may have learned something!!

The seniors may not have had fun at first with their S.A.T.'s and college applications to worry about. But they *did* have "senioritis" (the only disease known to mankind that every high school student longs to catch!) and that wonderful day in June to look forward to!

The juniors may not have had many positive things to look forward

to, for instance S.A.T.'s and college applications to worry about, but they did get to go to the Junior/Senior Prom-an event that some had anxiously awaited for 3 *long* years. They also only had mere months to go until their final year of high school!

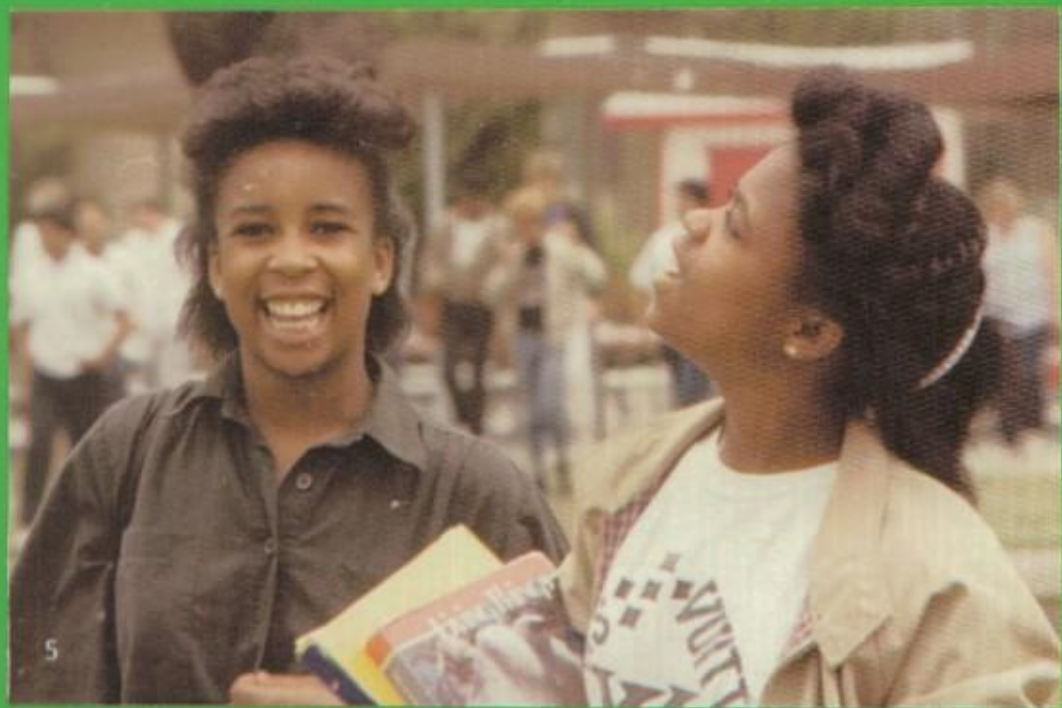

The sophomore had it made! S.A.T.'s and college were 2 years away, and they weren't new to the school! What else can be said except they had a great year!

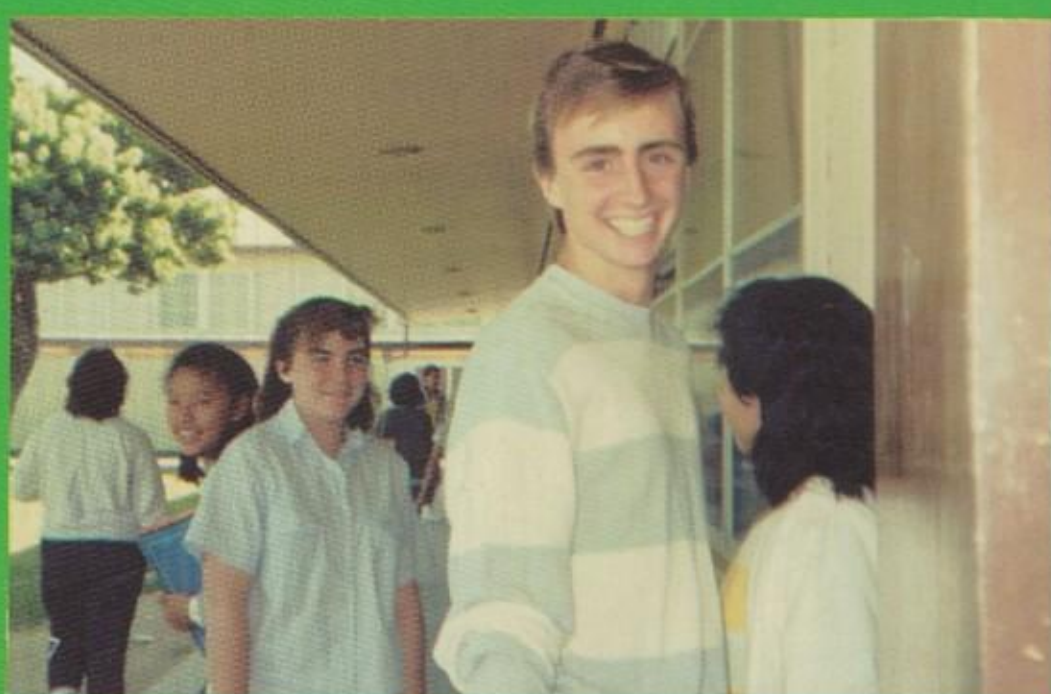

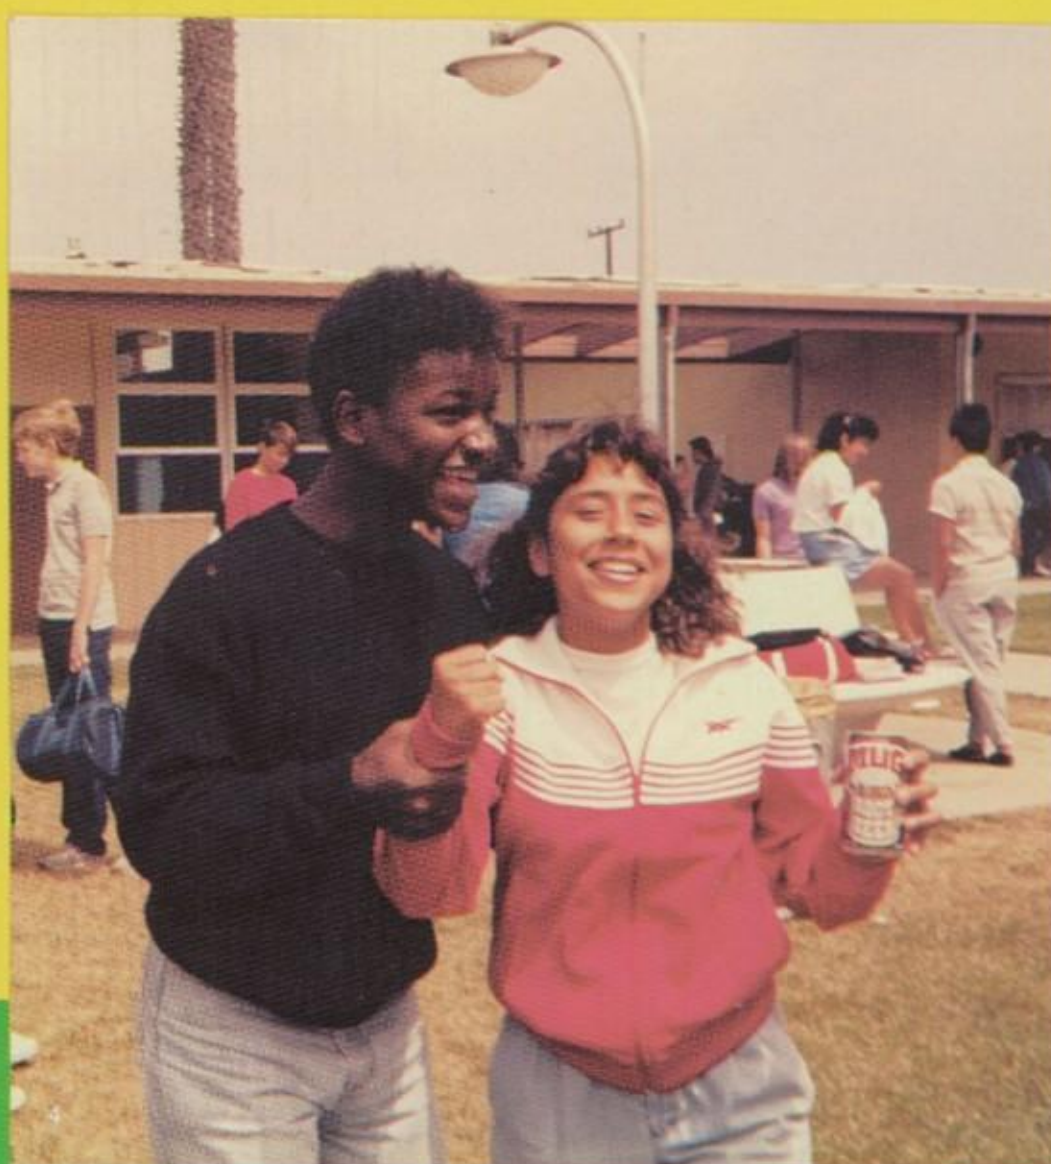

You may not think the freshman had a great year, (you know, low man on the totem pole and all that.), but they had it easy. Whatever they did wrong, it was excused because ... you guessed it!, because they were freshmen who hadn't learned the ropes of high school, yet!

Overall it was a fun year. Who knows, We could even get to like it here! All we know is that we've had a great time at good 'ol Hueneme High!

What made the 1986-87 school year so much fun? One reason was the Associated Student Body of Hueneme High School. A.S.B. conducted one of the most spirited and active years ever. The school year started out fabulous with the Back to School Dance, which was a success in welcoming the Freshmen to H.H.S. Then came all those lively and exciting noontime activities that A.S.B. planned, which was fun for all the students who participated.

Sponsored by the A.S.B., both Football and Basketball Homecomings were beautifully performed. Together they brought out school spirit in every Viking.

This year, A.S.B. supported the creation of something different. We had an Autumnfest in November instead of having an annual Oktoberfest in October. After approval from the A.S.B., a new marquee was developed for the front of the school.

A.S.B., as a class, is not just all fun and games. It's a class full of leadership qualities. Each and every member has a responsibility which relates to the office to which they were elected. As a group, the officers are to work together and bring forth the spirited and exciting events throughout the entire school year.

PRINCIPAL I C T U R E S

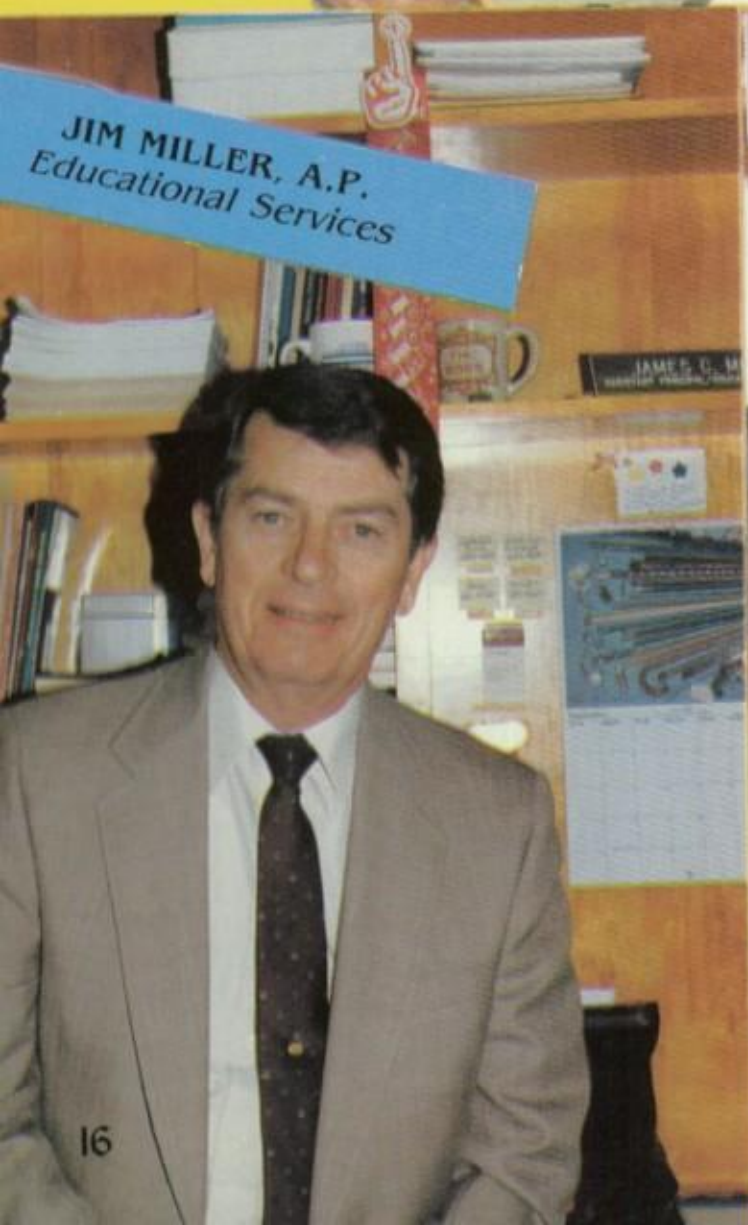

ALAN JENSEN, PRINCIPAL
OUHSD Outstanding School Recipient

If a picture is worth 1000 words, it would take 3000 to describe our three top administrators. "The school is only as good as the Principal" or Principals, in our case, so we have decided to present our 3000 words in full color and add just a few. Hueneme High (for the 1986-87 school year) is the 1st and only recipient of the O.U.H.S.D. Outstanding School Award. This is a result of these three administrators' outstanding dedication and commitment. Mr. Miller, Assistant Principal for Educational Services, has made Hueneme a model school for

the State's Quality Review of Educational Programs. Ms. Tatum, Assistant Principal for Student Services, who last year involved our school in a major way in the Olympics, the Liberty Campaign and the Strawberry Festival, has outdone herself with this year's VIKING PRIDE campaign. Mr. Jensen, our Principal who is retiring at the end of this year after years of attending every school event, will say farewell in a "flash of glory!"

What a picture!! Imagine that, absolutely no students on campus. Well, unlike the picture, the H.H.S. campus was always full of excitement, activities, and all-around fun. If it wasn't the noon-time activities, it was Homecoming or some other enthralling event. Needless to say, life on campus was anything but empty.

STUDENT LIFE

1. Hueneme's pride and joy march tirelessly down Main Street.
2. Anthony William's military style outdoor competition.
3. Award-winning Tamara Gordon shows her stuff.
4. Go get 'em flags.
5. Look at those buff arms!!

Now was that fun or what?? That phrase could be heard as the Hueneme High School marching band, banner squad, tall flag squad, drill team and cheerleading squads finished the 1.5 mile parade route. The Ventura County Fair parade has long been a tradition here in Ventura county to kick off the annual fair festivities at the Ventura County fairgrounds. Huenemenota High School, a long time patron of the parade, has always enjoyed the hustle-bustle and fun-filled day they spend from marching til they drop to cheering at the awards ceremony.

The fun-filled day consisted of everyone meeting at H.H.S. at 7:00 in the morning bright-eyed and bushy tailed and ready to march. Eventually, they boarded the bus and it was off to Santa Clara Street for competition. After competition, they marched right onto Main Street for the parade. Leaving a trail of excited fans, they finished the parade, got onto the bus and headed for the fabulous fair. After a couple of hours of food, rides and socializing, everyone headed toward the grandstands for the long awaited awards ceremony.

The awards ceremony brought out our funtastic enthusiasm and Viking Pride. Led by the cheerleaders, the Vikings fulfilled the true meaning of the word unity and made a successful attempt at breaking the sound barrier.

When the flag squad won second place and the banner squad won fourth place, the Viking section of the stands glowed with joy, happiness and most of all, Viking Pride.

1. Hueneme's banners carry those letters with pride.
2. Strutting with pride, Hueneme Drill Team!!
3. Aye' Aye' Captain Eileen Franco.

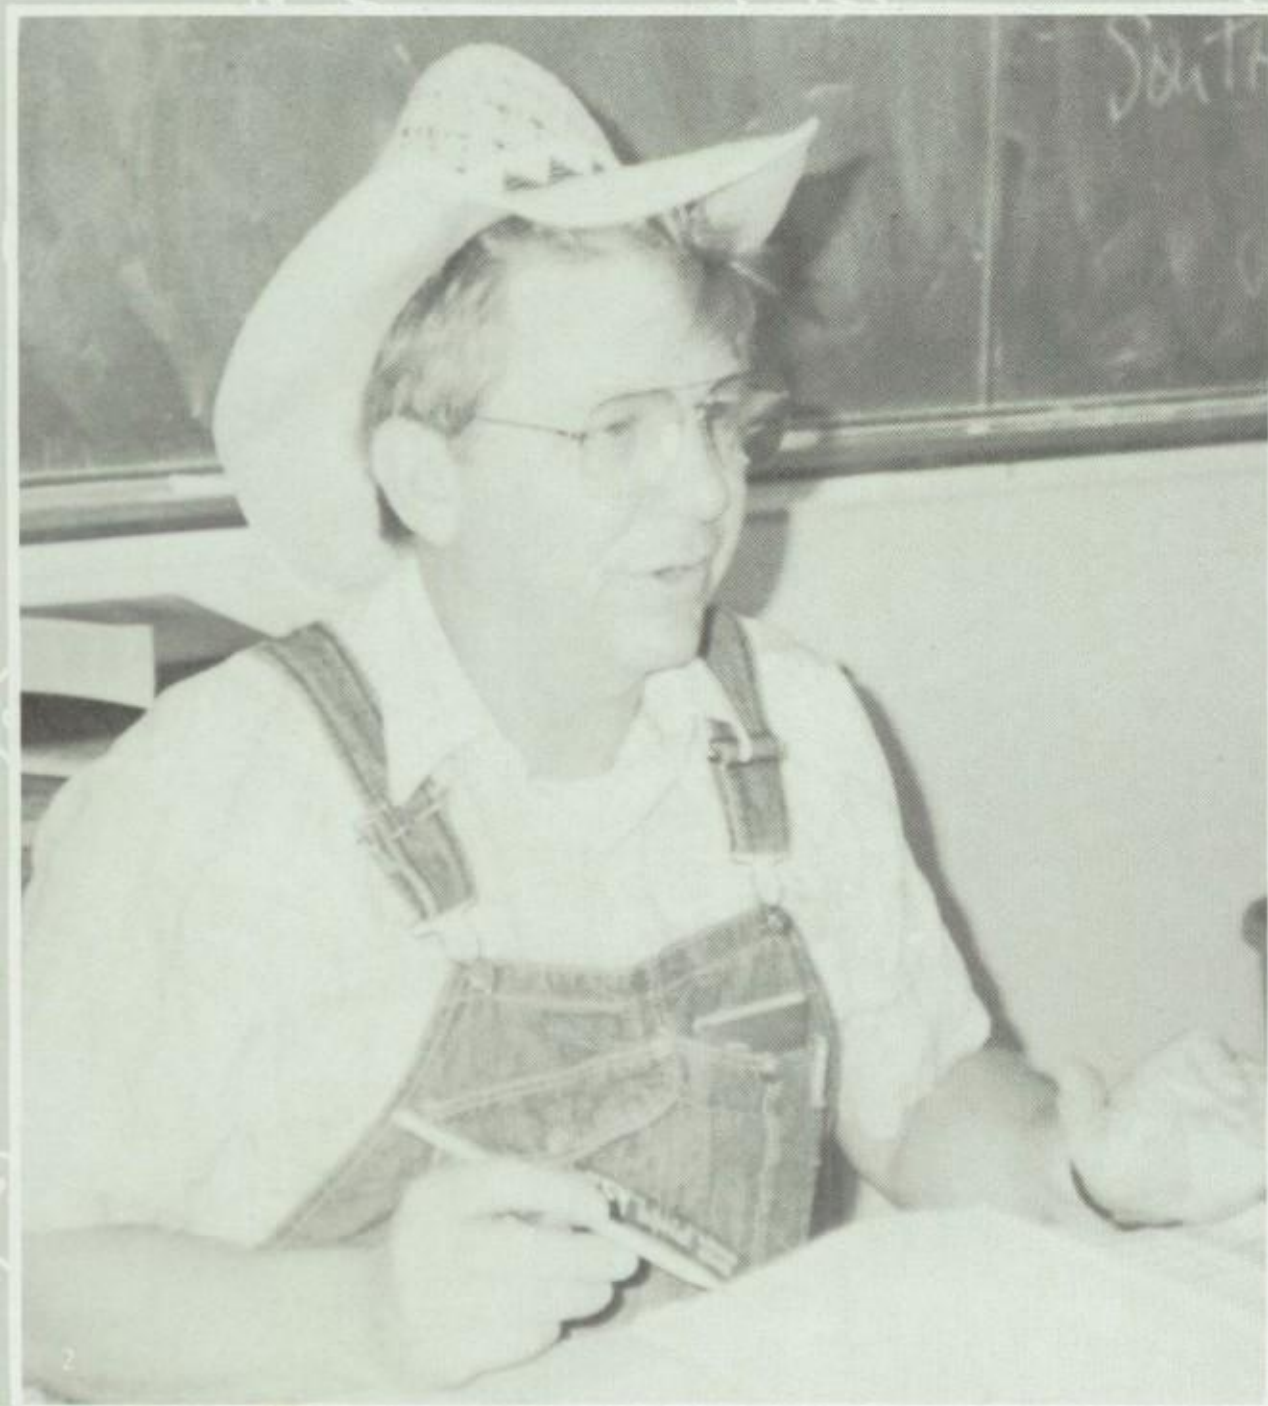

HALLOWEEN '86

Good ol' Halloween sure has changed over the years. It was originally a Celtic festival called Samhain (with Druids and all that stuff) that honored the dead. When the Romans conquered the Celts in 43 AD (some of the teachers were our age) they combined two Roman autumn festivals with Samhain. Around 800 AD, the church established All Saint's Day on November 1 so that people could continue a festival they had celebrated before becoming Christians. Now a days, we don't sacrifice people like the Druids were prone to do, we just sacrifice our teeth. Somewhere along the way, somebody thought up this "trick-or-treat" thing, and it caught on. The kids liked the idea. Hey, wouldn't you? You go up to somebody's door and they give you grub. If they don't, you're allowed to play a "trick" on 'em. Now, the extent to which you take this "trick" may perhaps need be explained to your friendly neighborhood police officer, but that's the breaks. On Halloween, those crazy, fun loving students and teachers at HHS ditched the traditional garb of ghosts 'n goblins and went for the 80's look. Among the die-hard witches and such were the likes of ninjas, Rambo, and even the one-and-only Gumby! We should all thank those brave, courageous students and faculty who put up with embarrassment and public ridicule (from their fellow fun lovin' peers) to make Halloween '86 fun!!!

1986

AUTUMNFEST

This year's Autumfest, after going through some bumpy roads, was finally put together and got underway on Nov. 21st, 1986.

The quad, looking like one huge food stand, was adorned with booths containing food as well as games. The foods ranged from Oriental to Mexican and tasted too good to be true. The big sellers of the day were Pizza sold by Campus League and sundaes sold by the Junior Class.

Duane Lee was the music man for the day. He played the latest hits and got everyone jazzed up for the Sadie Hawkins Dance that night.

All in all, the extended lunch period was filled with food, fun and excitement.

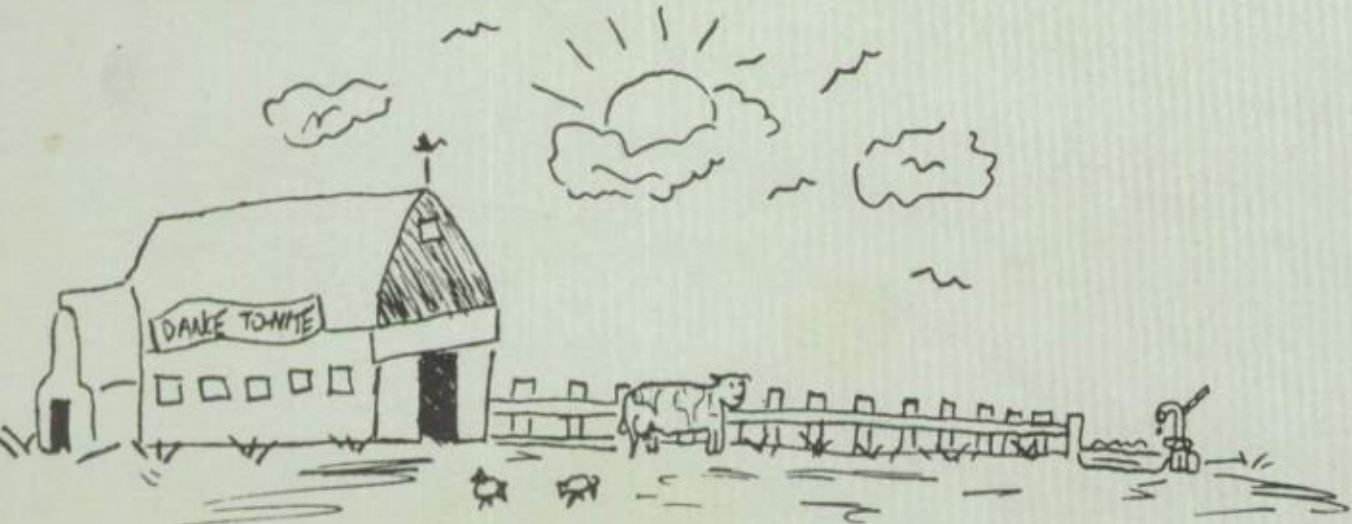

1. The excitement mounts as the crowds gather.
2. Gosh Chris Parker, Pop told ya' not to play with the bar-b-que.
3. Peggy Russell and Gina Smith stuff their faces with the Jr. Class sundaes.
4. Alright, who said this was going to be fun-Kira Spellman and Tish Luna.
5. Pepsi ... eat your heart out Max Headroom.
6. Hungry Ms. Klinger?!

1. Mmmm ... tastes like ...
2. Donuts anyone?! - Bill West
3. Can you feel the beat?
4. Well, 1 Autumfest down, 3 to go. - Frosh Officers.
5. Nice doing business with you. Come again. - Maryellen Perez.

SADIE HAWKINS

This year's Sadie Hawkins dance was full of down home country fun. It was presented by Campus League. Everyone was dancin' and rompin' in the hay to the music provided by Duane Lee. If you weren't in a dancing mood, you could have your picture taken with your beau or even get married to your sweetheart (saves on all the gas money used on driving to Las Vegas)! As always, the girls followed tradition and asked the fellas to the dance. No guy in his right mind is going to pass up the chance for the girl he likes (or vice-versa) to ask HIM to a dance and SHE PAYS for the whole thing!! YEEHAH!!

For those of you who like a bit of entertainment while munching, we had many volunteers to participate in the noontime activities. Hueneme was not short of people willing to go on stage and get a few laughs.

One popular crowd pleaser was the human pyramid. Watching those brave people risking life and limb was enough to draw people out in hordes; witness the photos.

If anyone was interested in learning how to bottle feed a baby, they could gain experience by participating in the baby bottle feed. It was a great way to get rid of a hot thirst.

What would noontime activities be without musical chairs and the water balloon toss? Pretty boring, I'd say. The water balloon toss drew masses of volunteers. It's a great way to cool off on a hot day and sharpen the pitching arm. As always, the musical chairs proved to be a favorite among the veterans.

Another great way to cool off was the water pass.

For those of you who are easily exhausted by your morning classes, the mummy wrap was one way to unwind and prepare for the rest of the afternoon.

1. Hilda Gonzalez helps out her team in the water pass.
2. A group of hip guys attempt to build the pyramid.
3. Tony Hall, Rocio Monasterio, and Kelly Kaiser contemplate musical chairs.
4. Cedric Hackett cools off with the water balloon toss.

1. Laura Rojas hands off to Felicia Nickleberry in the water pass.
2. Ernie Marcello seems to be caught up in the heat of competition during the mummy wrap.
3. Vera Juarez takes a break with the help of a friend.
4. A group of Seniors pose Egyptian pyramid style.

1986 FAMILY CLASS WEDDING

On December 18, 1986, the Family class held their annual wedding on the Viking stage. This event gave the students of the class a hypothetical look at married life. Mr. Vollhmert performed the ceremony that wed these couples: Pauline Salanoa and Aaron Talili, Janel Jurado and John Nasca, and finally, Tammi Davis and Lyle McKenzie.

Other members of the wedding party were Randy Floyd, Lisa Lenzi, Margo Martinez, Phillip Mireles, Lily Nunez, Corrina Olivo, Melissa Pinion, Irma Rochin, Steve Romero, Dale Rudman, Charlie Solano and Dannielle Yarborough. The Masters of Ceremonies were Jack Gills, Keri Kaiser, D'onne McWherter and Mr. Vollhmert.

The wedding was followed by the reception, where the brides and grooms toasted marriage and danced. Tradition held true as grooms removed their brides' garters and brides threw their bouquets to anxiously awaiting guests.

1. The happy couples, John Nasca, Janel Jurado, Lyle McKenzie, Tammy Davis, Aaron Talili, and Pauline Salanoa, pose without regret.
2. John N. and Janel J. follow tradition by feeding each other cake.
3. Tradition strikes again as Lyle M. removes Tammy D.'s garter.
4. Pauline S. and Aaron T. pose happily with the bubbly.
5. Best man, Steve Romero, steals the bride, Janel J., for a dance.
6. The beautiful wedding cake awaits the guests.
7. Charlie Solano and Margo Martinez made a handsome best man and maid-of-honor couple.
8. Lyle M. and Tammy D. dance the night away.
9. The blushing brides throw away their bouquets to the single and anxious women.
10. Janel J. and John N. march down the aisle after the "I dos" were said.
11. "Casual Preacher" Mr. Vollhmert, the best men, and the grooms await the women.

X-MAS

AT H.H.S. '86

This year's Christmas rally was filled with fun, emotion and excitement. Skits were performed by the Pep Club-Rudolph the Red-Nosed Reindeer and ASB-The night Santa was kidnaped by terrorists. Dance routines were done by the BSU dancers, the cheerleaders, and others. The teachers performed an unforgettable routine to "Heard it Through the Grapevine" dressed as raisins. Class competitions in musical chairs and the "spirit jug" took place. Bringing the rally to a close was the talented Grenishia Dillon singing "Silent Night", eventually being joined by the swaying crowd. It was a touching and memorable Christmas indeed at H.H.S.

1. The unforgettable "raisin crew" of teachers pose one more time for their loyal fans.
2. The victorious wrestling team is introduced.
3. Hey Shannon Sharpl, tell Santa (Kevin Gonzales) what you want for Christmas.
4. The BSU dancers snaked it out and showed the crowd their moves.
5. Alright Cedric Hackett, who did your hair this time?
6. All 4 classes competed in the musical chairs competition.

Trapped

All alone inside my world,
Many mys'ries to unfurl.
Many questions remain unasked
About my dark, unpleasant past.
The world around continues its whirl
As I hide behind the mask.
Trapped By myself in a glass box,
Many chains to unlock.
Many walls enclosing me
Hiding me in secrecy.
The clock of life continues its tock
As I hide in my mystery.
Trapped
Segregated from all life.
Many times I want a knife.
Many times I want a gun
To end the long and painful run.
Shall I go on inspite of strife
As I hide my face from the sun.
Trapped
Hidden in a world of black,
Many memories rushing back.
Many times I hide the pain
And pray that I don't go insane.
Yey, life goes on its endless track
As I hide myself, in vain.

This year the Literary Club was proud to sponsor a local writing contest on campus. Several entries were received, mainly in the poetry category. The judges were Dr. Gary Davis, Assistant Superintendent of Educational Services, and Ms. Joanne Black, director of special programs. Both were delighted to be judges. The winners of this year's contest were: Joanna Capazzi, winning first place with her poem "Trapped", and Kim Caputo, taking second place with her poem about individuality. The runner's up were: Shelley Erickson, with the "The Dream of a Fantasy", and Joanna Capazzi, with "Lucky Me". The first and second place winners are pictured above (L-R), Joanna Capazzi and Kim Caputo.

In its second year of existence, the Literary Club, sponsored by Ms. Klinger, is the second largest club on campus. Club members look forward to many more years of contests and appreciate the coverage and support made available by the yearbook staff.

CIF WRESTLING

OUR WRESTLERS AND COACH CALLOWAY

The Hueneme Wrestlers saved their best performances for last. We outscored all other Channel League teams at CIF except one with $43\frac{1}{2}$ points. The six individuals qualifying for CIF all advanced to the second day of the tournament, the highest of Hueneme in ten years, with five of the six advancing to quarterfinals. Three wrestlers placed in the tournament: Dan Schaefer sixth at 193 lbs; Delfino Ochoa sixth at 115 lbs. and Don Young at Heavyweight; who qualified for the Prestigious Masters Tournament. All three placers return to Hueneme next season - so the future looks good!

GIRLS

BASKETBALL

COACH GIBSON AND TEAM!

The Seniors on this C.I.F. Girls basketball team were born the same year that I started coaching at Hueneme High School. This team had to overcome several adversities in order to be in the playoffs. We had to win the last four games in the league and we did. We beat San Marcos 83-22; Rio Mesa 47-46; Dos Pueblos 70-56; and Ventura 50-43.

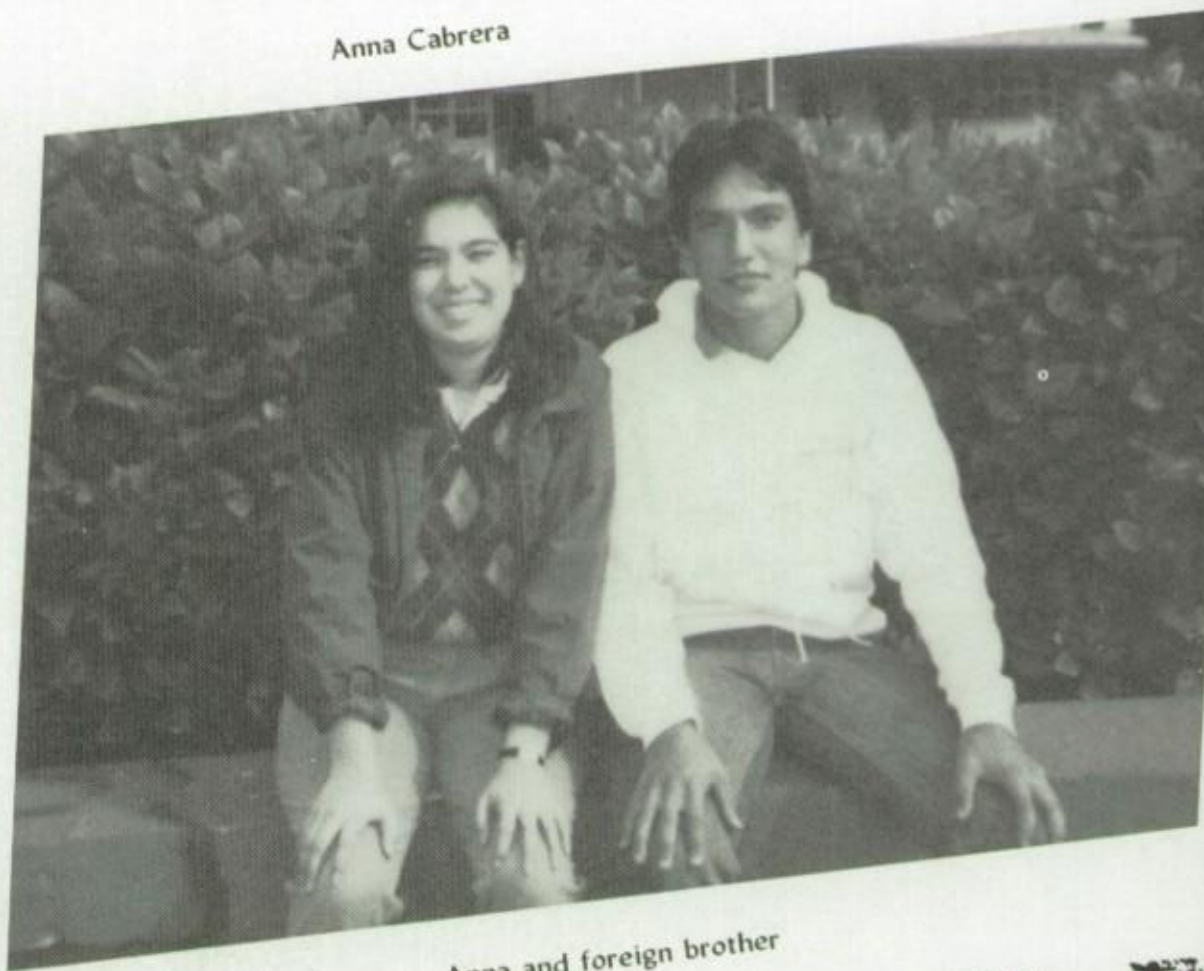

Playing post season basketball was a new exciting experience for us. We worked very hard during practice knowing that we must be in excellent condition because we would play a team that finished first in their league. The team we had to play in the first round of C.I.F. was Compton. This team was ranked #5 and had a record of 22-2. We weren't ranked and our record was 13-8. We knew that the task ahead would be difficult and most people thought that we would be blown out of the gym and totally embarrassed. This didn't happen. The first quarter we were leading 14-12. The second and third quarter we had a few setbacks and were trailing by 12 points at different times. When the buzzer sounded to begin the fourth quarter the Vikings played with reckless abandon; they fought back and we lost by only 3 points, 52-49. We were eliminated, but we gave them a terrific game. Everyone was surprised that we played Compton so well, but I wasn't. We have a great team that will continue this tradition in years to come.

SUPER FOREIGN

Anna Cabrera

My name is Anna Cabrera. I went to Spain as a foreign exchange student during my junior year. I felt that the school was very different and boring there. The kids are bunched up in classrooms making things very crowded. Girls in Spain dress up a lot. They wear skirts and blouses with ribbons in their hair. Guys do not wear tennis shoes, they wear dress slacks and dress shoes. Levis and Nikes are not in style in Spain. The people in Spain listen to American music. I really didn't go for the Spanish music too much. The shopping malls had many different fashions. I really like the weather in Spain. It snows and it is also sunny. In Spain, the laws are more lenient than in the U.S. The drinking age is 16 and the curfew under 18 is 12 midnight. The driving age is better in the U.S.; in Spain you have to be 18 years old to drive. I liked to go to the discos and to the cafes for my entertainment. Christmas time is very different than here. They don't really celebrate Christmas Eve. Christmas is on January 6 - King's Day (traditional). It was an experience for me but I like the U.S. better.

Anna and foreign brother

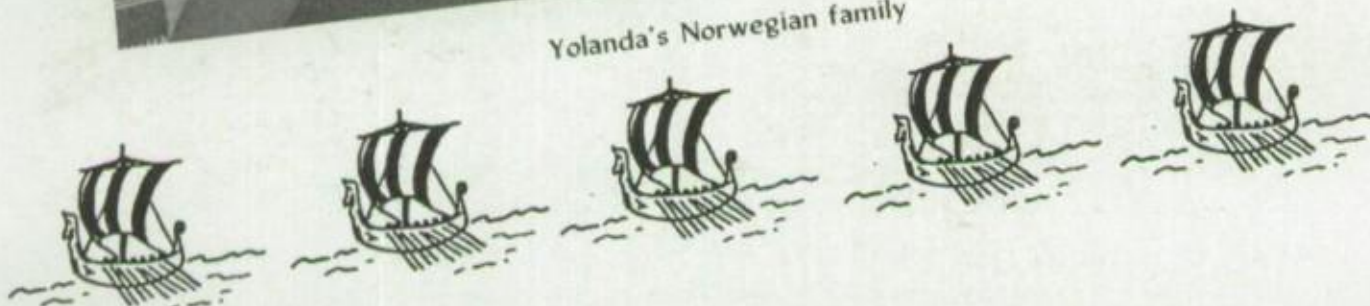

Yolanda Ontiveros

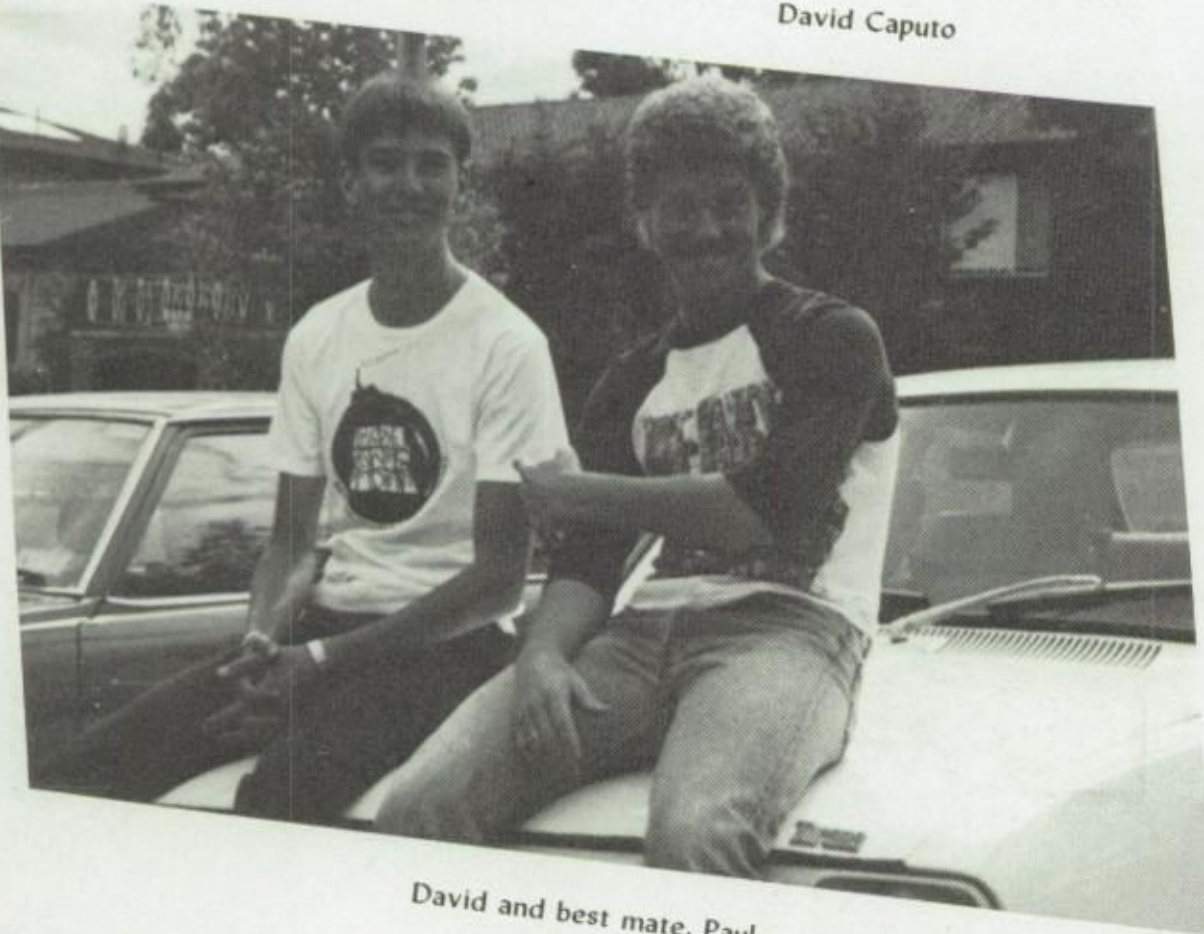

Yolanda's Norwegian family

My name is Yolanda Ontiveros. I went to Norway as a foreign exchange student during my junior year. My ambitions and goals in life are to become a lawyer, to attend UCSB and to go back to Norway. My hobbies are softball, swimming, bike riding, shopping and bowling. My favorite place to hang out in Norway, was at the movies or just driving around. The style of clothes was levis with patches on them, sweaters and tennis shoes. Their class schedule is like our final day schedule. We have three classes one day and three different classes another day. I decided to become a foreign exchange student because I was tired of the boring everyday life here. While I was there, I learned a lot from the two families I lived with and I do hope to return back there someday.

EXCHANGE STUDENTS

David Caputo

David Caputo, a senior this year at Hueneme, has just spent the last year as a foreign exchange student in the land down under, the Australian capital, Canberra. His host family was the McKee's. In Australia the seasons are opposite from ours here in the States. Everything is much cleaner. There are only 16 million people living on the whole island. The fashions and music scenes are about 6 months to a year behind us in California. When he arrived last year, florescent clothing was just going out. David enjoyed going to the Dance clubs with his friends. His best mate was Paul, and he had a girlfriend, Kylie. He plans to return to Australia in August and hopes to be able to live there when he is out of school. From the way David talked, he seemed to have a great time!

David and best mate, Paul

PHILIPP: "SPASSIGE ZEITEN"

I like to read, play games, dance, play volleyball, talk, and go shopping. My favorite singers are The Cure, Dead Kennedy's, INXS, Rio Reiser, Madness, and U2. The people in Germany listen to a lot of American music. Popular American music in Germany is: Bruce Springsteen, Grace Jones, Lionel Richie, Madonna, ZZ Top, etc. I do not really like fast food much. My favorite place to eat in Germany is in cafes and Biergarten (beer-gardens), this is where you can sit out in the sun and drink alcohol and have a good time. In Germany, during the weekend, my friends and I go to Cologne. There we go to the cafes, discos, and the movies. At home we talk on the phone, play cards or computer games. My favorite t.v. channels in the U.S. are HBO, MTV, and the Cosby Show. The schools in Germany are much different than the schools in the U.S. The courses are selected for you and the classes are all much harder and complex. Some fashion in Germany are the same and some are different. In Germany, people wear a lot of jeans and jean jackets but no tennis shoes. They also wear a lot of baggy clothes such as sweat shirts and sweaters. I do want to go home after the end of this year because I feel more at home in Germany. Here the laws are so strict. In Germany, the drinking age is 16 and hitchhiking is prohibited, there hitchhiking and the bus are the main source of transportation by teenagers. I also want to go home because I miss my friends, family, and Cologne. I feel that Germany is more comfortable than the U.S. but, it might be that I'm just used to the life in Germany.

MARIE: "KUL"

Marie's American Family-The Kristofferson's

Hi! My name is Marie and I'm from Sweden. I like to dance, listen to music, and go to musicals. The kind of music I listen to is everything, except heavy metal. Some heavy metal songs are good, but some you can't tell what they're saying. Five Star and Janet Jackson are popular in my country. My favorite American TV shows are Cosby Show, Fame, Facts Of Life, Square Pegs, Gidget, Webster, and MTV. We have only two channels in my country. Wendy's is my favorite fast food restaurant, I love their frosties. We only have McDonalds in Sweden. On weekends at home we go to discos and we party, but here we have wild parties every weekend. My best friend at home is Lena. We go out and dance or we go down to her cabin and spend the weekend. We have more freedom and we don't have a curfew in Sweden. Anybody who wants to go in bars can, but they have to be 18 to drink. My favorite subjects are History, Economics, and Typing. At my school in Sweden we don't have the same schedule everyday. We can also quit school at sixteen without our parents' consent. We celebrate all holidays except Thanksgiving. I like it here and I wouldn't mind living here. I hope I can come back someday.

Bye,
Marie Jansson

ROCIO: "DIVERTIDO"

We have many different holidays in Spain. The main holidays are Christmas and Easter, like here. We also celebrate "Dad's Day," March 19th, "Mom's Day" on the first Sunday of May, "Day of the Hispanidad" or "Dia del Pilar" on October 12th, "Day of the Inmaculada Concepcion," December 8th, "Labor Day," May first, and many others. The difference between the Spanish and the American holidays, is that a "Holiday" in Spain is for everyone. Not like here where schools and employment can celebrate the holidays on different days. My hobbies are swimming, shopping, and bike riding. I also like to go walking everywhere. The fashion in my country is different every year, like here. Last spring the fashion in my country was the same that you have now. Western clothes and long sweaters are what I love. The fashion here is one year behind Europe. We probably have the fashion you'll have next season now. I have many good friends, so I really don't know who my best friend is. I usually go bike riding with my friends to the cafes or to the discos. I usually listen to English or American music. Michael Jackson, Madonna, and Donna Summer are famous in Spain. My old school is like a three floor building, divided into three different buildings. You don't have to go outside to go to different places. There we can go to the cafeteria, whenever we want. We go in the morning from 2pm til after lunch at 4pm. The teachers are more strict in Spain. They don't let us eat, drink or chew in class. My favorite subject here is French, overthere it is Latin. My favorite fast food restaurant here is Popeye's Fried Chicken. Teenagers have more freedom in Spain, because we can go to the disco, we can smoke and drink. But we can't drive. On weekends I usually hang-out with my friends. We usually go to the discos, go to cafes, and when it's cold I stay home and watch t.v. Here I usually go shopping or lay out under the sun. I like California a lot, but I also miss Spain too. My favorite thing here is the weather and the school. But I prefer the family life in Spain, because there is usually somebody at home and we take our life much slower. I wouldn't really like to live here, but after Spain I would probably choose California.

FABIAN: "DIVERTIDO"

Fabian's American Family-The Cabrera's

My name is Fabian Formosa, I am 16 years old and a sophomore here in California. I am a foreign exchange student from Madrid, Spain. My hobbies are playing soccer, shopping for clothes and girls. I like Spain better because there is a lot more things to do entertainment wise and a car is not needed. In California, a car is needed to get to the places you want to go. In Spain, for entertainment I usually go to the discos and to the parties. Drinking at age 16 is promitted in Spain, unlike here you have to be 21 years old. The styles of clothes are the same but the clothes are cheaper here. The weather in Spain is nice. When it's winter time it's real cold and during summer time it's real hot. In my spare time here I play soccer, do my homework and watch t.v. I am learning english by watching a lot of television. Being a foreign exchange student is an experience, but I can't wait to return to Spain.

Fashion '86-'87

Well, what a year! And what a year it was for fashion statements. The 1986-87 school year started out with the "western look". The look went from denim jackets and skirts, to studded and fringed shirts. Accompanying the look was an assorted array of boots. Long ones, short ones, white and black ones; they were here to stay.

Another fashion wave was the hair. This year, the girls were into long tresses, sporting their "Fergie" bows, banana clips, and crimped hair. Guys, on the other hand, cut style short by getting flat tops and shaving the sides of their heads.

As winter arrived, so did the long knit sweaters in assorted colors and prints, topped with a matching turtleneck. The girls wore their sweaters with simple cotton pants and the guys with their Bugle Boy pants or 501's.

As spring arrived with the warm weather, so did the fashionable walking shorts, Maui & Sons shirts, and the old, reliable tennis shoes. Girls brought the mini-skirt back into style as well as the "denim" look.

Thus, the year was a pretty good year for fashion statements. As always though, fads will come and go but it will always be fun to look back at those memorable days at H.H.S.

YEAR IN REVIEW 86-87

A year seems, unfortunately, incomplete without news that rocks the nation. The Iran- Arms Scandal certainly fit the bill. Also, reports about AIDS and drugs filled the news. One good outcome was a growing public awareness of these social problems. Another good outcome was that the major networks broke ground by agreeing to air condom ads.

On a lighter note was the romance between a cow and a lovelorn moose in Vermont. Many thought it wouldn't last for more than a few weeks. The moose, however, thought otherwise. He did leave eventually after about three months.

Being the year of the Constitution's 200th anniversary, patriotism and interest in America in general was high. It ranged from the Met's stunning comeback to the America's Cup victory.

Movies also reflected a return to Americana. A few to remember were "Top Gun," "Platoon," "Stand By Me," and "Peggy Sue Got Married." One movie that deserved mention was "Crocodile Dundee" starring the memorable Paul Hogan. Although it was Australian made, the public flocked to see it. Another popular import was the British Max Headroom. His stuttering had many teens catching the wave.

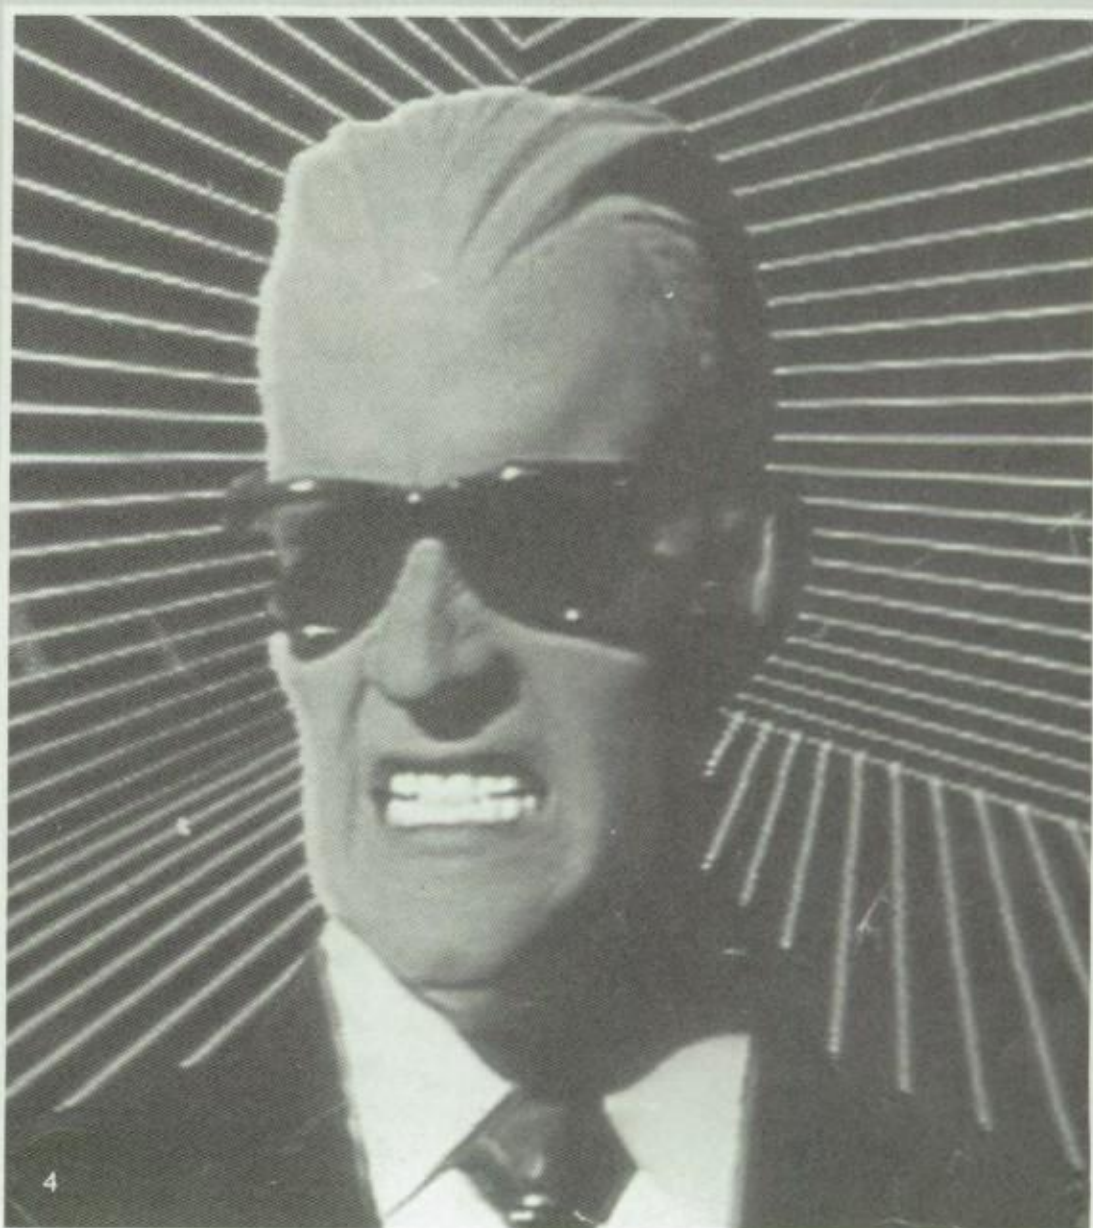

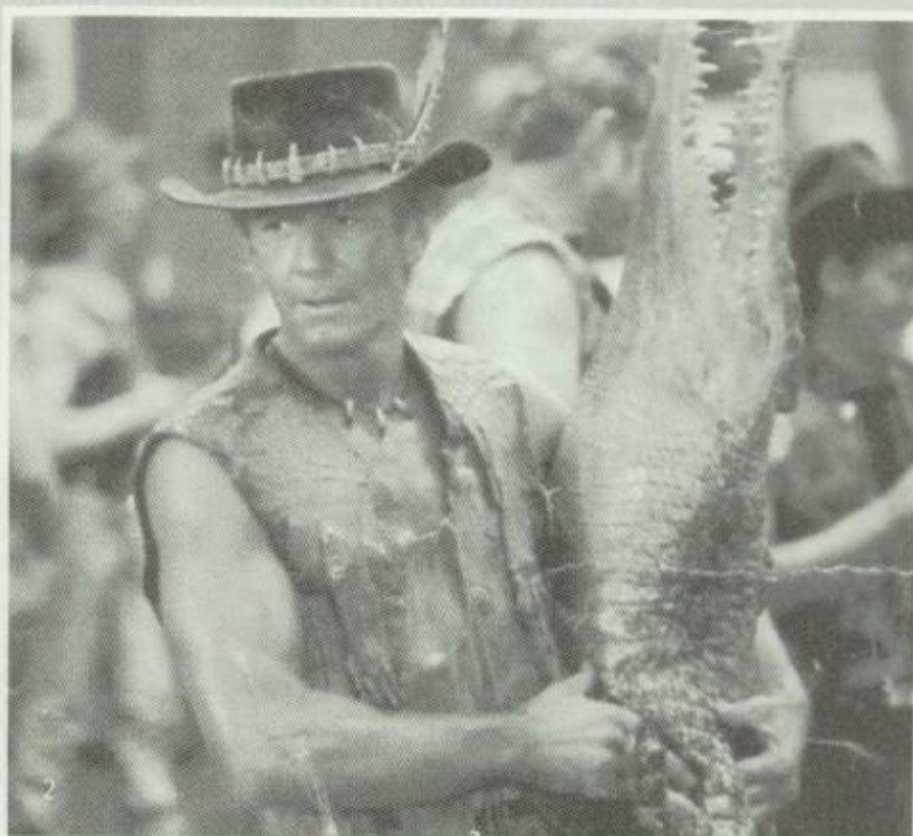

Sadly, Hollywood's greatest institution, Cary Grant passed on this year. He left behind many memorable films and an everlasting contribution to society. In the music arena, the innovative Peter Gabriel stamped his mark as did a revised Duran Duran. Run-DMC rapped their way to the top of the charts as did the Beastie Boys, ex-punk band turned rap. Another Jackson took control this year. Janet Jackson stormed the charts with five hit singles. A special note to Beatle fans; this was their 20th anniversary since coming to the U.S. As always, people chose from all areas of music. Apoll of campus students would reveal groups from the likes of Cameo, LL Cool J, The Smiths, Siouxsie and The Banshees, Agent Orange, Huey Lewis and The News, and Van Halen. Hueneme is definitely a school of mixed tastes in music. Thus, the school year ended.

1987 B-BALL HOMECOMING ASSEMBLY

1987 Homecoming Assembly
This year's 1987 Homecoming assembly outdid all others. From the beautifully decorated gym, which took a day and a half to decorate to perfection, to the entertainment, it was a complete success. It all started with the introduction of the victorious varsity girls' basketball team. Following them were the cheerleaders' hot dance routine. Next, were various singers, skits, class competitions and more introductions. The highlight, of course, was the introduction of the court. Ooo's and Ahh's were shared as each class cheered for their own prince. When the King, Richard Castaniero, was introduced, everyone waited anxiously as he stepped into the gym being escorted by his parents and accepted his septor. His name appeared in lights atop his throne as the assembly ended like "A Night in Heaven".

1. The spirited Sophomores cheer their hearts out.
2. Some of our Hueneme rowdies perform to the Beastie Boys.
3. Johnny & friend perform a death-defying rap.

Homecoming '87
Well, it's time to pack up our bags and bid our farewell to yet another basketball Homecoming. It was one filled with surprises, excitement and most of all, memories. Our special thanks to Carlos Cardenas, Commissioner of Homecoming and his assistant, Calletano Romero for making "A Night in Heaven" live up to its true meaning.

1. "Give me some more sound Mr. D.J.!!"
2. Homecoming King Richard Castaniero accepts his septor during the half-time festivities.
3. Roldan Munoz and friend dance the night away.
4. "Can you shake it, Dannielle Yarborough?"
5. "Karem, watch out!!"
6. Hueneme banners & flags lead the way in the parade.

1986
HOMECOMING QUEEN

Homecoming Queen Valerie Fife and escort Randy Floyd.

COURT

Valerie Fife, shown on the previous page, was this year's Homecoming Queen. She was escorted by Randy Floyd and crowned by last year's Queen Debbie Zuniga. Her hobbies include: cheerleading, collecting teddy bears, going to the beach and cooking. After graduating, she plans to study to become a gourmet cook and open her own restaurant. When she found out she had won, she felt numb.

Lillian Espiritu, shown right, was this year's Senior Princess. She was escorted by Esau Alvarado and crowned by last year's Senior Princess Becky Williams. Her ambition is to own and manage her own store. Her most embarrassing moment occurred when she fell off of the bleachers at a basketball game. When she found out she had won, she was both happy and proud to represent her senior class.

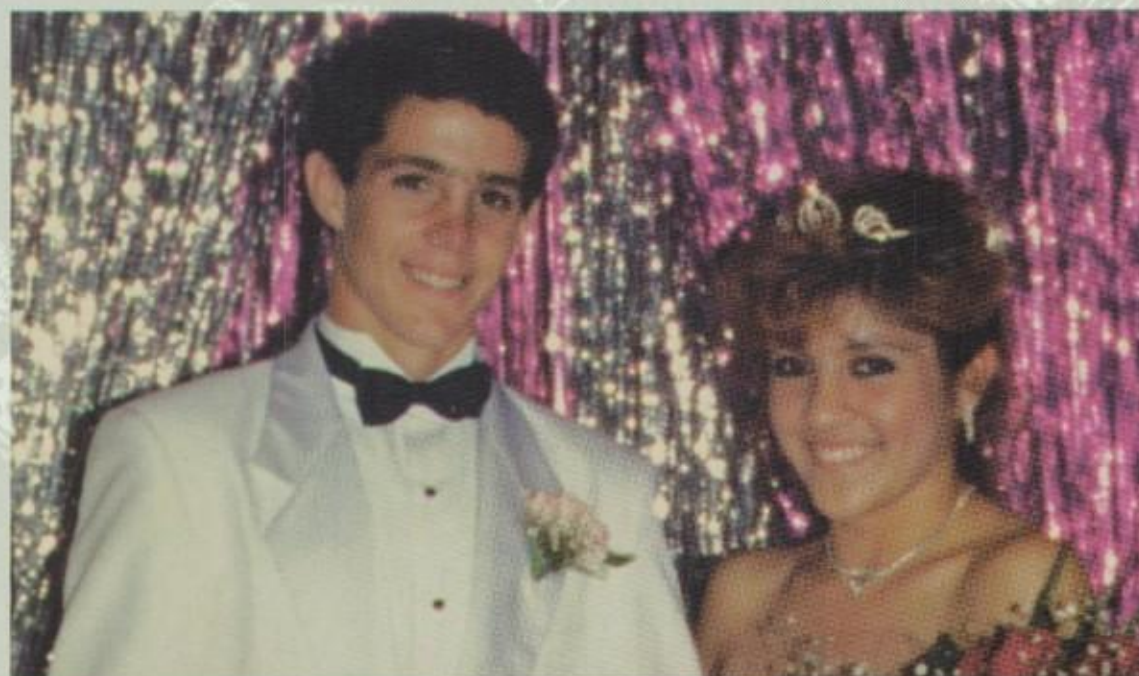

WE LOVE YOU VALERIE AND
LILLIAN!!!

DREAMS

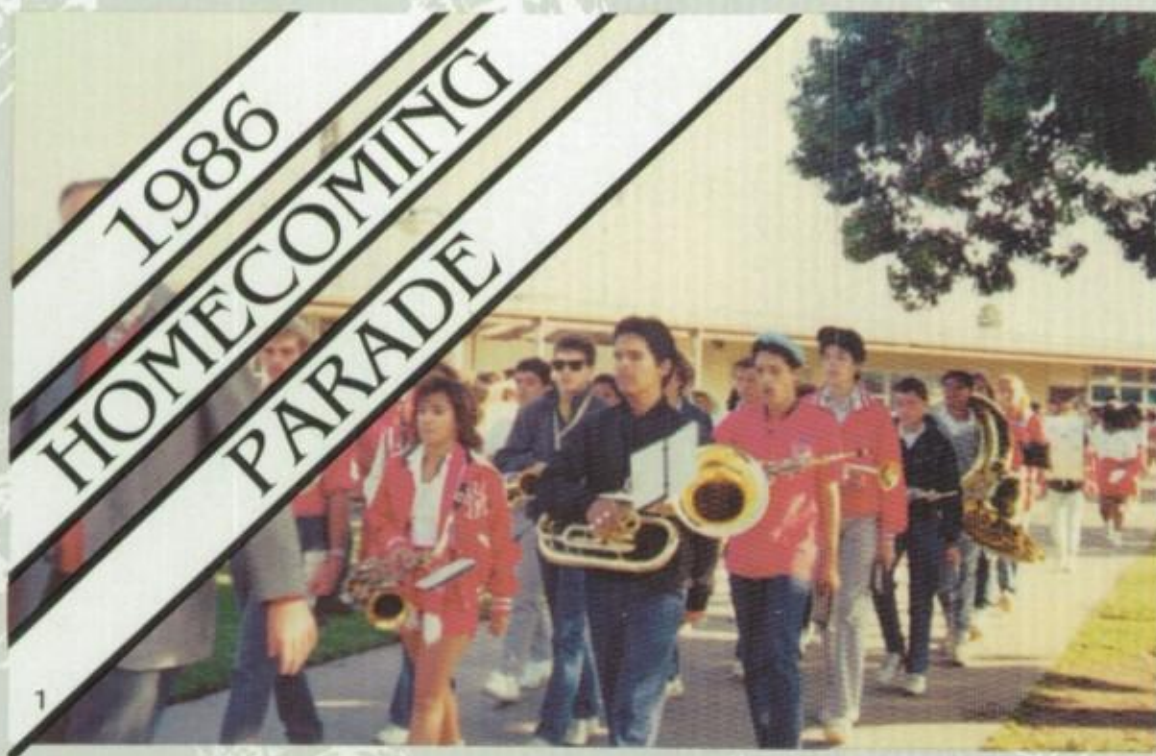

Our Junior Princess, shown top left, was Lidia Champion. She was escorted by Gabe Diaz and crowned by Vicki Fife. During her free time she likes to practice her favorite hobby . . . karate. When she found out she won, she said she had mixed emotions.

Representing the Sophomore Class was Kathy Castaneda, shown middle left. She was escorted by Paul Garcia and crowned by last year's Sophomore Princess, Monica Luna. Her hobbies include shopping, going to the beach and playing volleyball. When Kathy found out she won, she was stunned.

And finally, but not least, was the Freshman Princess, Suiley Ramirez, shown bottom left. She was escorted by Joe De La Pena and crowned by Maria Bucklew, last year's Freshman Princess. Suiley's favorite cartoon is Casper. Her favorite hobbies include shopping, being with friends, and going to the beach. After hearing she had won, she said she was surprised, but happy.

HOMECOMING PARADE

Let the festivities begin! This year we had our first Homecoming parade. It was organized by Tracy Sisson, a Junior here at H.H.S. She said she did it to promote school spirit, pretty good, huh?

After hard work and thorough planning, the parade got underway. Being the first Homecoming parade ever, Mr. Jensen, our principal, performed the official ribbon cutting ceremony. With the band, rifles, banners, tall flags, and drill team leading the way, we felt a sense of excitement and happiness because we were getting out of class. Next came the football team strutting their stuff and getting the crowd hyped up for the big game against the Buena Bullpups.

The float portion of the parade brought laughter, ooo's and Ahh's from the crowd as they tried to decide which float was the best. Taking first place, however, was the Class of '88 Junior float. Starting off with some difficulty, it made it's way down the route sweeping the judges off their feet and taking first place, of course.

Well, another year, another Homecoming. This one, though, was pretty radical because of our 1st Homecoming parade, thanks to Tracy Sisson. She hopes that it becomes an awaited annual event. Without a doubt, it will become successful cuz we're all right behind ya' Tracy.

1. The Viking Pep Band and Mr. Doty march proudly down the parade route. 2. Members of the Viking football team strutting along the way. 3. Elizabeth Guerrero and Sandra Veloz carry the banner introducing the band. 4. Louise Bocanegra in awe at the Senior float. 5. The Award-winning tall flags shining in glory as they march through the halls. 6. Yes, we love you Cedric Hackett and Rudy Garcia.

RALLY

Was it all a dream? Of course not weirdo, it was the 1986 Homecoming assembly.

Well, the assembly got started with a bang as the football team was introduced, bringing with the introductions screaming and general hysteria as always. Next, the hip cheerleaders moved to the sounds of Janet Jackson. Added to this was an exciting and sexy lip-sync to New Edition by a group of wild and crazy guys.

Finally, the court was presented. Everyone looking spiffy in their formals and tuxedos gave the crowd a thrill. While being crowned, the court was serenaded by Becky Marcus, Cathi Fontaine, Faith Kennon, Lena Baldwin, and Greneshia Dillon singing the latest tunes.

The gym looked pretty snazzy in the Homecoming colors of hot pink and silver. These colors were chosen by Commissioner of homecoming, Carlos Cardenas and his assistant, Calletano Romero. This difficult, yet rewarding job took a lot of stamina and pure guts from these two hard working dudes. Take a bow guys, your "Dreams" came true!

1. Senior Princess, Lillian Espiritu, being crowned by last year's Senior Princess, Becky Williams. 2. Laura Rojas, Hueneme Mascot, performs "Control" by Janet Jackson. 3. Junior Princess, Lidia Champion being crowned by Vicki Fife. 4. The introduction of the football team. 5. Devin Gales And his "Fabulous Four" perform a New Edition hit. 6. Faith Kennon singing "Sweet Love". 7. Junior Class getting rowdy and wild after taking 1st in float competition.

1986 HOMECOMING HALFTIME

The Homecoming "Halftime Happenings" were what else but FUNTASTIC!! Cheerleaders, past and present, rode on top of the Oxnard Fire Department firetruck and gave the parade a rowdy start. Close behind were the floats. While all of this was going on, the band competed for attention with a modified field show.

Every class showed their spirit and came up with an array of floats that rivaled the Rose Parade. The Seniors prevailed for the fourth year in a row and took 1st place. Their comical float depicted a typical classroom scene, that of students asleep in class. Second place went to the Juniors, while the Sophomores took third.

Finally, the new court arrived in their custom stretch limos. Maria Bucklew, last year's Freshmen princess, gave away her crown to the stunning Suiley Ramirez who was escorted by Joe Dela Pena. Next to walk the field was Kathy Castaneda and Paul Garcia. She was crowned by last year's Sophomore princess Monica Luna. The Junior princess, Lidia Champion and her date, football player Gabe Diaz, seemed to be the crowd's favorite. Doing the honors was Vickie Fife, who was standing in for Valerie Fife, last year's Junior princess. The dashing pair made up of Senior princess Lillian Espiritu and Esau Alvarado floated down the field to be crowned by Becky Williams. Last but not least was Valerie Fife, this year's Homecoming Queen, who was escorted by the debonair Randy Floyd. The handsome couple marched down the field to the roar of an approving crowd. Suddenly to everyone's surprise, two daredevil skydivers fell from the sky in a puff of smoke and handed the startled Valerie a bouquet of roses and a kiss. Then Debbie Zuniga, the '85 Homecoming Queen, took over the show and crowned Valerie the new Queen.

To top off the festivities, there was a brilliant display of fireworks with Valerie's name spelled out "in lights". The night was ended with red and white balloons floating away into the night.

1. Step right up for some ice cream, candy, and the Freshman Class float. 2. A day in the life of a Senior. Somehow, it came as no surprise that they won, AGAIN! 3. B.S.U.'s catchy entry. 4. Cheerleaders hitch a ride with the Oxnard Fire Department. 5. Parachutists with special delivery. 6. Joel Gaxiola #7 and his offense prepare to bulldoze the Bulldogs. 7. Is that a designer tux. Gabe? 8. John Castro whoops it up. 9. Francine Hernandez, Cyndee Hawkins, Dannielle Yarborough, and Jackie Ritza, alumni, say no autographs, please! 10. The center of attention, Valerie Fife and Randy Floyd, crowned by Debbie Zuniga.

A Teacher's Prayer

Now I sit me down to grade,
With papers like these, I'm glad I'm paid.
And if I ever finish this stack,
A new set of papers will come
right back.
But homework isn't all
that teaching's about.
It's caring and sharing
Whatever one knows
About life and learning
How to weather life's blows.
Now as I lay me down to rest,
I pray that my students will
be the best.
If I should die before I wake,
That's one less lesson plan I'll have to make.

Librarian:

The librarian is responsible to students, teachers, and administrators. I'm not an administrator, but I administer six budgets. I am a teacher, but everyone forgets it. It's no wonder that kids who use the high school library think I am either a witch who withholds books and hounds students for overdue books or a lunatic who actually read 24,000 books — and only occasionally and blessedly, a friend who recommends the perfect book, helps with assignments, and raps about life and art. Alas, too often I mumble about overdue books, I'd rather be helping!

Nurse:

What I like about my job. The kids were wonderful and fun to work with. Everyday was different and challenging, never boring. My S.A.D.D. kids were especially great to work with and to be a part of.

A.S.B. Bookkeeper:

All money collected or spent by A.S.B., the clubs or athletics came through the office. I kept

their financial records, an A.S.B. bank account and assured all bills of these activities were paid. I also sold P.E. uniforms and locks, and yearbooks. I helped with ordering jackets, caps and gowns and graduation announcements. I prepared all ticket and sales money boxes and handled the money collected. I like to be thought of as the friendly H.H.S. Banker and Accountant. If you had had any money to pay at school, you most likely had visited my office.

This 1986-87 year, Hueneme High School had many accomplishments for which the administration, faculty, and students can be proud. The Viking Pride t-shirt campaign created a new wave of positive vibration that recognized individual achievement. In addition, this year:

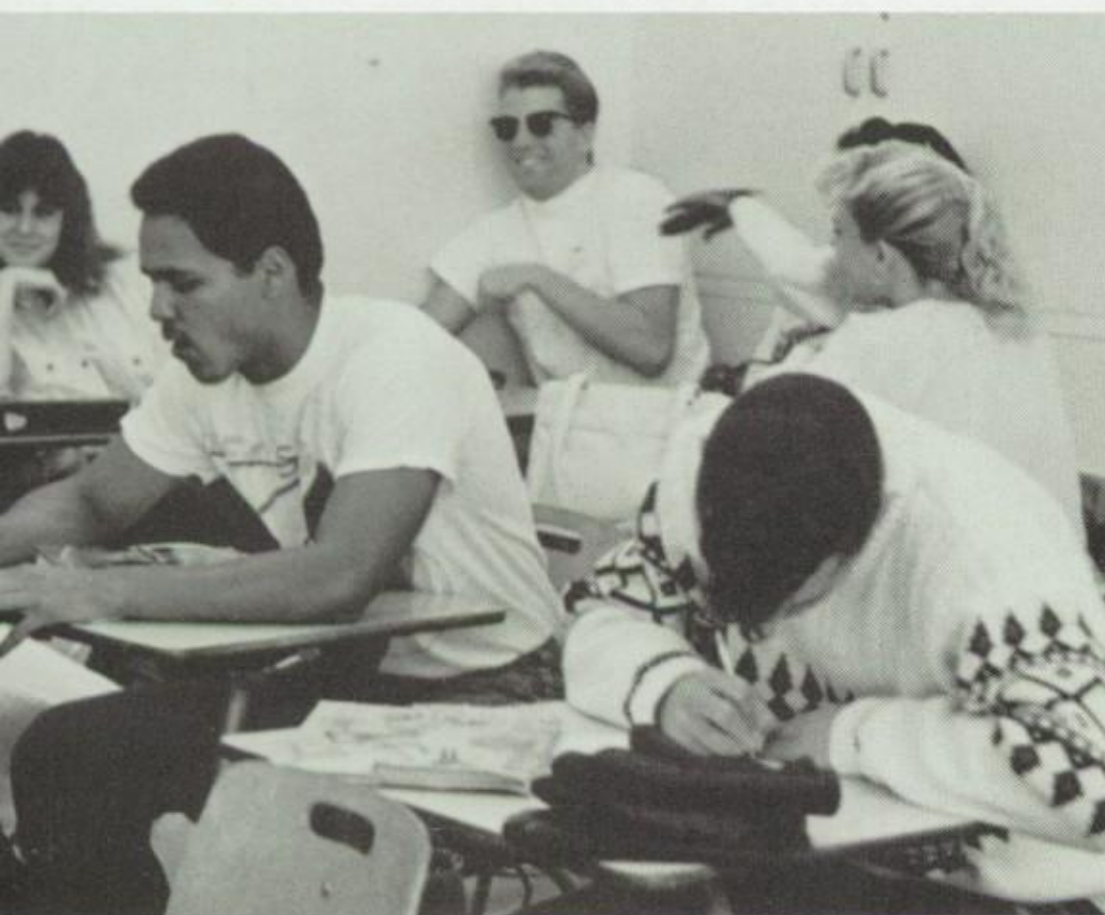

Girls' Volleyball was ranked number one in the nation. Football took on and nearly defeated the district champions and earned respect throughout the league. Girls' Basketball went to CIF. A sophisticated weight training facility was implemented for students and faculty. Boys' Basketball, number one ranking in the district, had a winning season. Wrestling went from being virtually unknown to becoming a force to reckon with at CIF. We had successful Girls' and Boys' Track Teams. We received the Academic Achievement Perpetual Trophy. The number of ineligible students in sports and other extra-curricular activities reduced dramatically. Drama performed three outstanding productions; Guys and Dolls, The Fantastics, and Pygmalion. Concerned students from Hueneme High joined with other Oxnard Union High School students to run Saferides. We had a new marquee built for our school. Mecna collected canned foods during the holidays for the needy. Band raised money to get new uniforms after an award winning year. A new cash machine was donated by the Class of '86. New phone machines were put in for the students. ADA (Average Daily Attendance) improved. SAT test scores improved. Thanks to the library staff, fewer library and textbooks were lost. TAP test scores improved. The suspension list was reduced. The Back To School night was exciting with parents and teachers enjoying the largest turnout in history with interpreters and babysitters assisting. General Motors donated two cars to the Auto Shop. Peer Helpers counseling began. An Oceanography Class was established. Mr. Jensen finished his service to the district providing outstanding leadership and guidance for the "OUHSD Outstanding School".

... AND AWARDS!

Mrs. Reyes, Paraprofessional of the Year.
Ms. Sanford on Mrs. Reyes:

"I believe she received the award because she goes out of her way to help people. She spends most of her spare time working with the Los Folkloricos and helping out students at the school. She worked with the Los Folkloricos teaching them the customs and dances. She encouraged people from all cultures and customs to become involved. She was wonderful with the kids and loved people in general."

"Mrs. Reyes is one person who deserves to be awarded on her outstanding work and caring personality. She spent a lot of time helping people and now she will get the recognition she deserves."

Ms. Lois Strong, Outstanding Classified Employee for 1986.

Mrs. Karas on Ms. Strong:

"Lois is a great baker and a great person. She's very friendly and has a great personality. Ms. Strong is outgoing and creative. Both the teachers and the students appreciate her. I guess we know a great pie when we see and taste one!"

"In fact, a lot of teachers purchase their Thanksgiving pies from Ms. Strong."

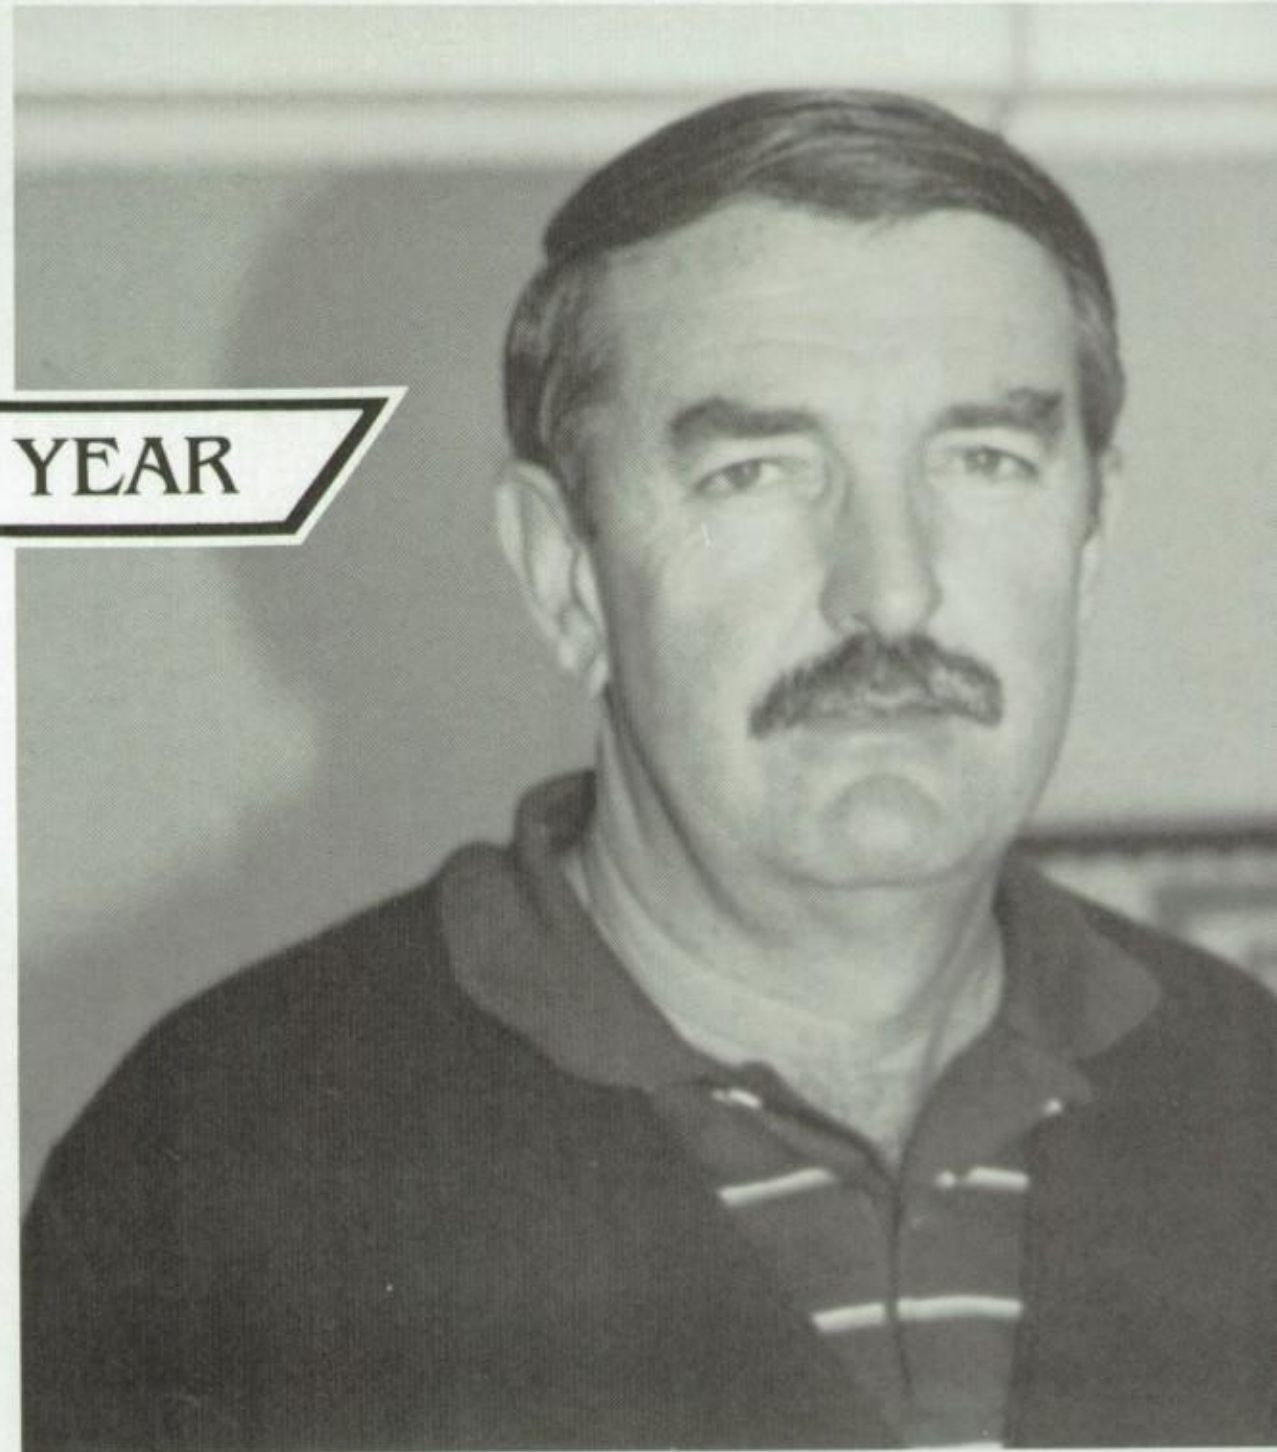

EMPLOYEES OF THE YEAR

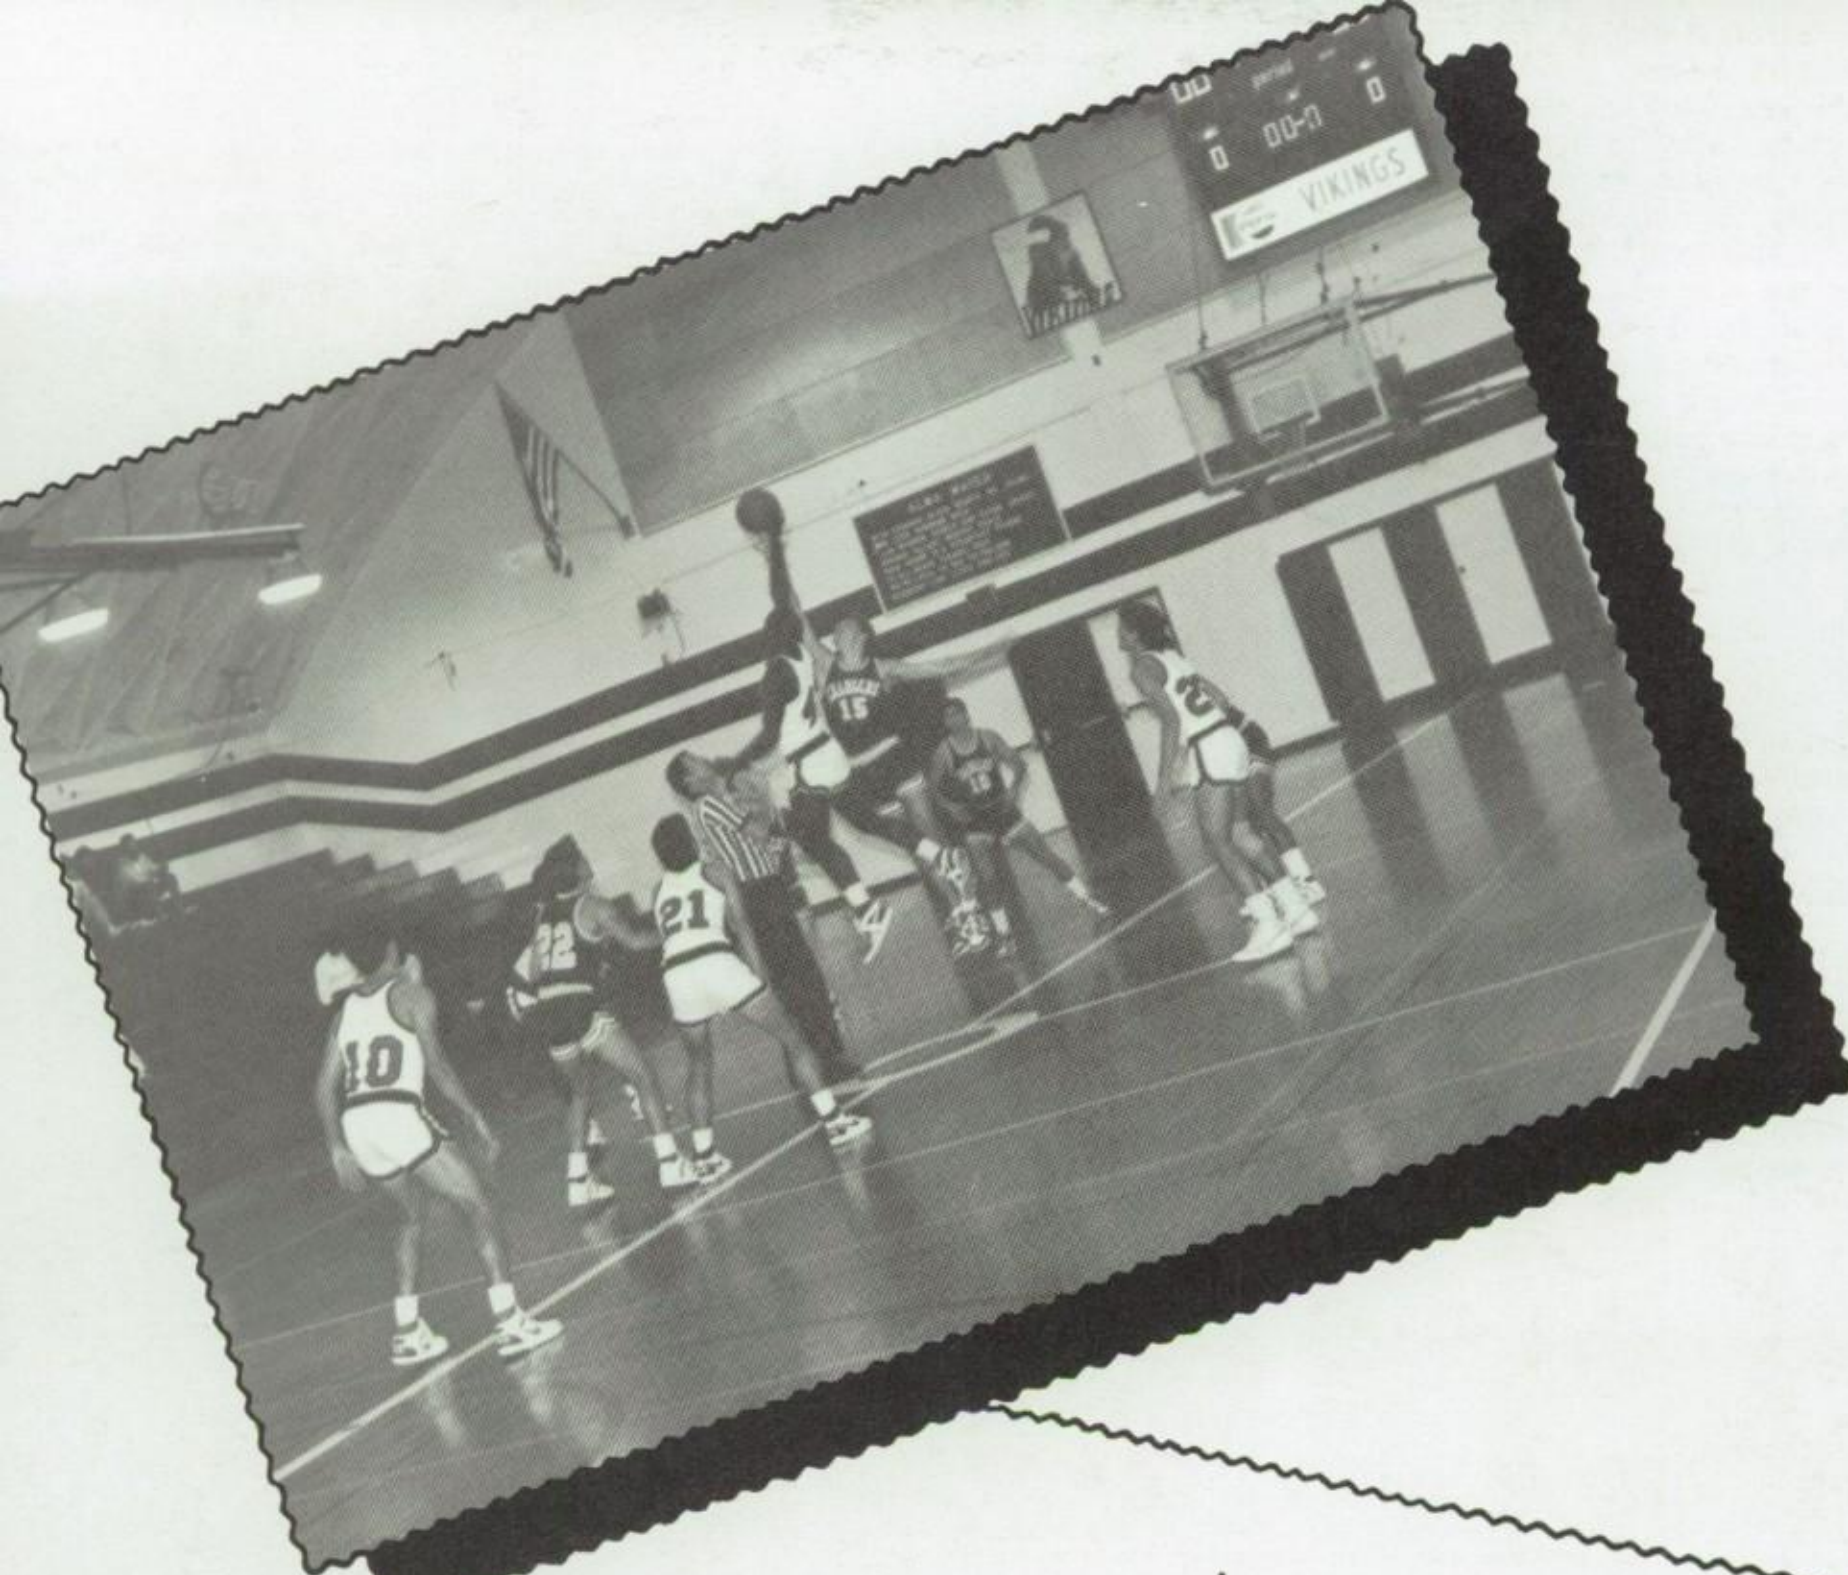

TEACHER OF THE YEAR

Our Teacher of the Year for 1986 was Mr. Jim Lane, who was chosen unanimously by his peers. Mr. Jenson, our principal, stated that "Mr. Lane is a tremendously dedicated typing teacher, and is always up-to-date in his teaching methods." And he emphasized that "His students *really* like being around him, and his sense of humor never pallors. He has charisma in that he's successful at whatever he does. He expects a lot out of his students, and they usually comply. In fact, a substitute once commented on how wonderful his class was to teach."

Mr. Lanes' solid set of values and his unique teaching style makes him the obvious choice for Teacher of the Year.

This year HHS athletes put our school back on the sports map. The volleyball team went all the way to #1 in the state. Our boys basketball team took third in the Simi Valley Tournament and the girls basketball team went to CIF. The football team won against San Marcos and also gave Oxnard a real taste of what Hueneme football will be about next year. The wrestlers had a good year, placing third in the League finals and placing six wrestlers in CIF. The soccer team had a good season too. Our swimmers did well, as did the baseball, softball, golf, tennis, and track teams. All in all, HHS Sports were definitely "FUN" in 1986-87!!

Coach Machado

When he was asked if he liked coaching at Hueneme, he said he loved it but he feels the football team has to build their spirit and pride. He wished that more guys with the ability to play football would try out. He knows there are many more athletes with the talents to play football but they are too afraid to try out.

Spirit and Pride means a lot to both the coaches and the team players. If they don't have anyone to cheer them on, they feel they have no one to play for. The better the crowd, the better they feel!!

When he came to this school he didn't know how it was going to be. He's not going to leave until he gets us up to the top with the others.

When he was asked if there was any team member he felt would go on playing football for college/etc. he said Cedric Hackett. Coach Machado is getting the team to work together as a team and care for each other.

J. V. FOOTBALL

"It has been a good group of people to coach."

- Coach Grenfell

COACH JOHN GRENFELL

How do you feel about the team, players, and fans?
The team has worked very hard, even though they have not won many games. It has been a good group of people to coach.

What effect do the fans have on your team?
At the J.V. games, usually there are not many fans. The players enjoy having people come out to see them play.

Do you have any star players you have hopes for?
There are several players who will move to the varsity level next year and play. Doug Brekke, who plays end and linebacker, will be a future star. Jeremy Duncan, who plays linebacker and fullback, will help the varsity next year. Carl Brewer, who has never played football before this year, will be a very good lineman in the future.

FROSH FOOTBALL

Player's View

How do you feel about your teammates?

"I feel very close to my teammates, but the team is too good, to be losing like we are. The frosh team has speed, power, and the ability to play football, but soon I promise me and my teammates will pull-together as one. And become the most feared football team in Ventura County."

Coach King

How do you feel about the team, players, and fans?

"There is an excellent core of freshmen football players. There are also many inexperienced people who are playing for the first time. With hard work, dedication, and time in the weightroom, this group of young men will become excellent varsity football players."

What effect do the fans have on your team?

"The cheerleaders and the fans who have supported this year have been great. They have been there every Thursday, win or lose. The team and coaching staff would like to thank them for their support."

Any star players you have hopes for?

"We have high hopes for several of these freshmen. You'll hear alot about Damon Hicks, QB; Gabe Gonzales, FB, LB; Danny Garcia, C, DE; Tony Lee, DT; John Sherman, DT; Louie Moreno, OT; Clifford Stewart, SE; and Joe Torres, LB. The talent is there. When the players decide to team that talent with pride, we'll have a winner here at H.H.S."

VARSITY

Coach Shimabuku

How do you feel about the team/players?

This is definitely the best playing team to ever come out of H.H.S. All the hard work and sacrifice have brought this team together both off and on the court. Although not the biggest team ever it does have the best athletes and in intensity and good basic execution are the factors that set this team apart.

What affect does the fans have on your team?

Volleyball is a very emotional game. The fans impact on intensity and spirit cannot be measured only felt. In short, the fans are great!

Any star players you have hope for the future?

With a once defeated J.V. team the Vikings prospects are definitely high. Couple this with it's 6 returning juniors and Hueneme is assured of another competitive season. Returning starters Lettie Garcia and Nikki Ballinger will definitely boost Hueneme's roster.

Anything else that would benefit this article?

Of the seven seniors leaving the team I anticipate most to be getting athletic scholarships. Maria Reyes, Nora Reyes, Felicia King, and Keri Pier were being seriously approached by colleges even in early season and Angela Ayala, Denee Cruz, and Tracy Reagan were also receiving numerous inquiries.

"... definitely the best playing team to ever come out of H.H.S."

BOYS' BASKETBALL

Coach Long

When asked about this year's Varsity Boys Basketball team, Coach Barry Long was very optimistic. The main goal Coach Long would like for his team to achieve this season was to make it to the C. I. F. playoffs. He is very excited about the players on his team. He has noticed that the fans are better this year and also there are more of them. The effect these fans have on him and his team is the cheering builds them up and gets them to play at their maximum. When asked if there are any players that should prosper in the future, Coach Long's reply was Kevin Tate. Kevin, through the coach's eyes, is the finest basketball player in Hueneme and the best in the Channel League. He's sure to do well. Kevin has 4-year universities ready to recruit him. Coach Long is hoping the other players do well also.

How do you feel about your teammates and fans?

"They're improving. Playing hard as a team. Everyone is getting along. Goal is to make playoffs at end of season. Crowd response makes a difference. More fans the better."

BASKETBALL

"This year's Girls Varsity Basketball team has the potentials of being one of the best I've had in many years. We have varied skill levels, dedication, ambitions and personalities which can be frustrating at times.

We are experiencing a success that many haven't known before and others strive on. Sometimes winning can create problems just like losing can, but, we are learning to live with both.

We have enjoyed our fans and lower division teams supporting us. Thanks to the J.V.'s and Freshman teams. We are never without a group cheering us on whether on the road or at home. When we hear the cheers we try to arise to the occasion and perform our best.

I'll lose several good dependable seniors this year. But, we have a few returnees who should peak next year and go on to play college basketball. We will continue to GO FOR IT!!"

How do you feel about your teammates?
 "I look at my teammates in many different ways. On my wrestling team there are 13 individuals which I consider my friends. All have very different and unique personalities that I know and habits that I understand. What really disappoints me is I look at my team and say 'It could be much better than this.' But there is something I have realized in wrestling varsity for 4 years and that is you can't mold hardened clay. What I'm saying is that in anything you do that if you have a personality conflict and don't want to learn or if you're too immature, the best teacher in the world couldn't teach you. So I wish there could be more dedication in all my teammates and I wish they could all have the success I am having and that I have had. My advice to them is that the harder you work the less work it takes in the end. Dedication is the key to life, without it there is no success. That is what I wish my teammates will realize and I try to teach it to them through example!"

VARSITY

"Soccer is the most popular sport in the world. In the U.S. the sport is still in the developing process. The developing process is alive and growing with thousands of kids around America. The hope for the sport in America is the youth soccer community. A lot of high schools have already adopted the game of soccer as an official sport in their athletic programs.

In this area the Hueneme high school was one of the latest schools that finally adopted and supported the idea to have a representative soccer team. The Hueneme soccer team was officially fielded in the school for the first time ever, in 1985. The Hueneme high school soccer team has proved itself as a well represented and competitive soccer team in the channel league. The channel league is one of the most competitive soccer leagues in both the Santa Barbara and Ventura counties. Last year our team record was (9) wins and (9) losses. The team placed fourth in channel league.

This year our goal is to make the playoffs. Again, this year the team's attitude is excellent. I believe, all the players have the best intention to give their best effort to represent their school, in the best way possible. I believe that all of us are assuming the responsibility with the best disposition to serve and represent with respect and dignity of our school. I think that our good intentions will be reflected in every game we are going to be playing with all heart and mind to defend and represent our school colors.

I am proud of my soccer team members last years preformance. I believe there's a lot of room for improvement and it can only be done in a team effort. I hope that all people that are concerned and involved with athletics and academics at Hueneme will be willing to come out to support your team."

"This year's Varsity softball team has playoff possibilities. We nickname ourselves "SPIT"! With seven of the nine starters on the team returning, I am anxious to see my second year of coaching at Hueneme High School really start to blossom. Anthony Williams

"My 4 at Hueneme High have been exciting. My sophomore year was my first cross-country season. I placed 15th at Ventura County Championships and fifth in the league. In track, I placed second in league and made it to CIF in the 2-mile. My junior year in cross-country, I placed third at Ventura County Championships and made all-County honors first team. I placed fourth in the league. For track, I placed second again in the 2-mile and made it back to CIF. My senior year was the most exciting. In cross-country, I placed first at Royal Invitational. I was the Channel League Champ with an undefeated league record of 8-0. I was also the Ventura County Champ. I received first team honors in both league and county. I was named Ventura County's winner of the year. I placed second in 4-A CIF Championships. I was selected on the all-CIF cross-country team.

During the season, I was selected to go to China and run for the USA. 300 Americans from all over the country went. I placed second in a race field of 10,000. We visited Hong Kong, Canton China, and Seoul, Korea.

Special thanks to my mom, my sister, to Coaches Hayes and Drescher for shaping me into a competitive and well trained runner. To all of my relatives, friends, and organizations who helped me raise the funds so that I could go to China. To all of you athletes — Good luck, keep those grade up and most of all — STAY HUNGRY!!"

BOYS' AND GIRLS'

"Basically the main difference is going to be stronger discipline and more direction. Workouts, swim meets, and activities are high on the agenda to focus on for the upcoming swimming season. I believe that we have to establish a better program in these areas to enhance the number of participants in our swimming program in the upcoming years."

ORGANIZATIONS

VARSITY CHEERLEADERS

MS. JACKSON

The year 86-87 was a great year for our yell and cheerleaders. Yes . . . Yell leaders! This past year, Hueneme was proud to have two yell leaders perform with the cheerleaders. It had been quite a while since it was brought back to Hueneme High. Although much attention was brought to the fact that "BOYS" were cheering, they did an outstanding job pepping the crowds. The squad was a bit small, but despite their size, they were the loudest and most energetic group at the games. All of their voices carried the spirit through the crowds.

Because of their skillful movements, the cheerleaders were outstanding in their performances during the assemblies and rallies. Their fast moving and eyecatching routines grasped the attention of every student who saw. Their excellence wasn't just brought by their hard work and determination but their advisors talent to instruct.

Many thanks go to the yell and cheerleaders, as well as their advisors, for an exciting year that was brought by their willingness to spread their spirit to every person in Hueneme High.

CONCERT CHOIR

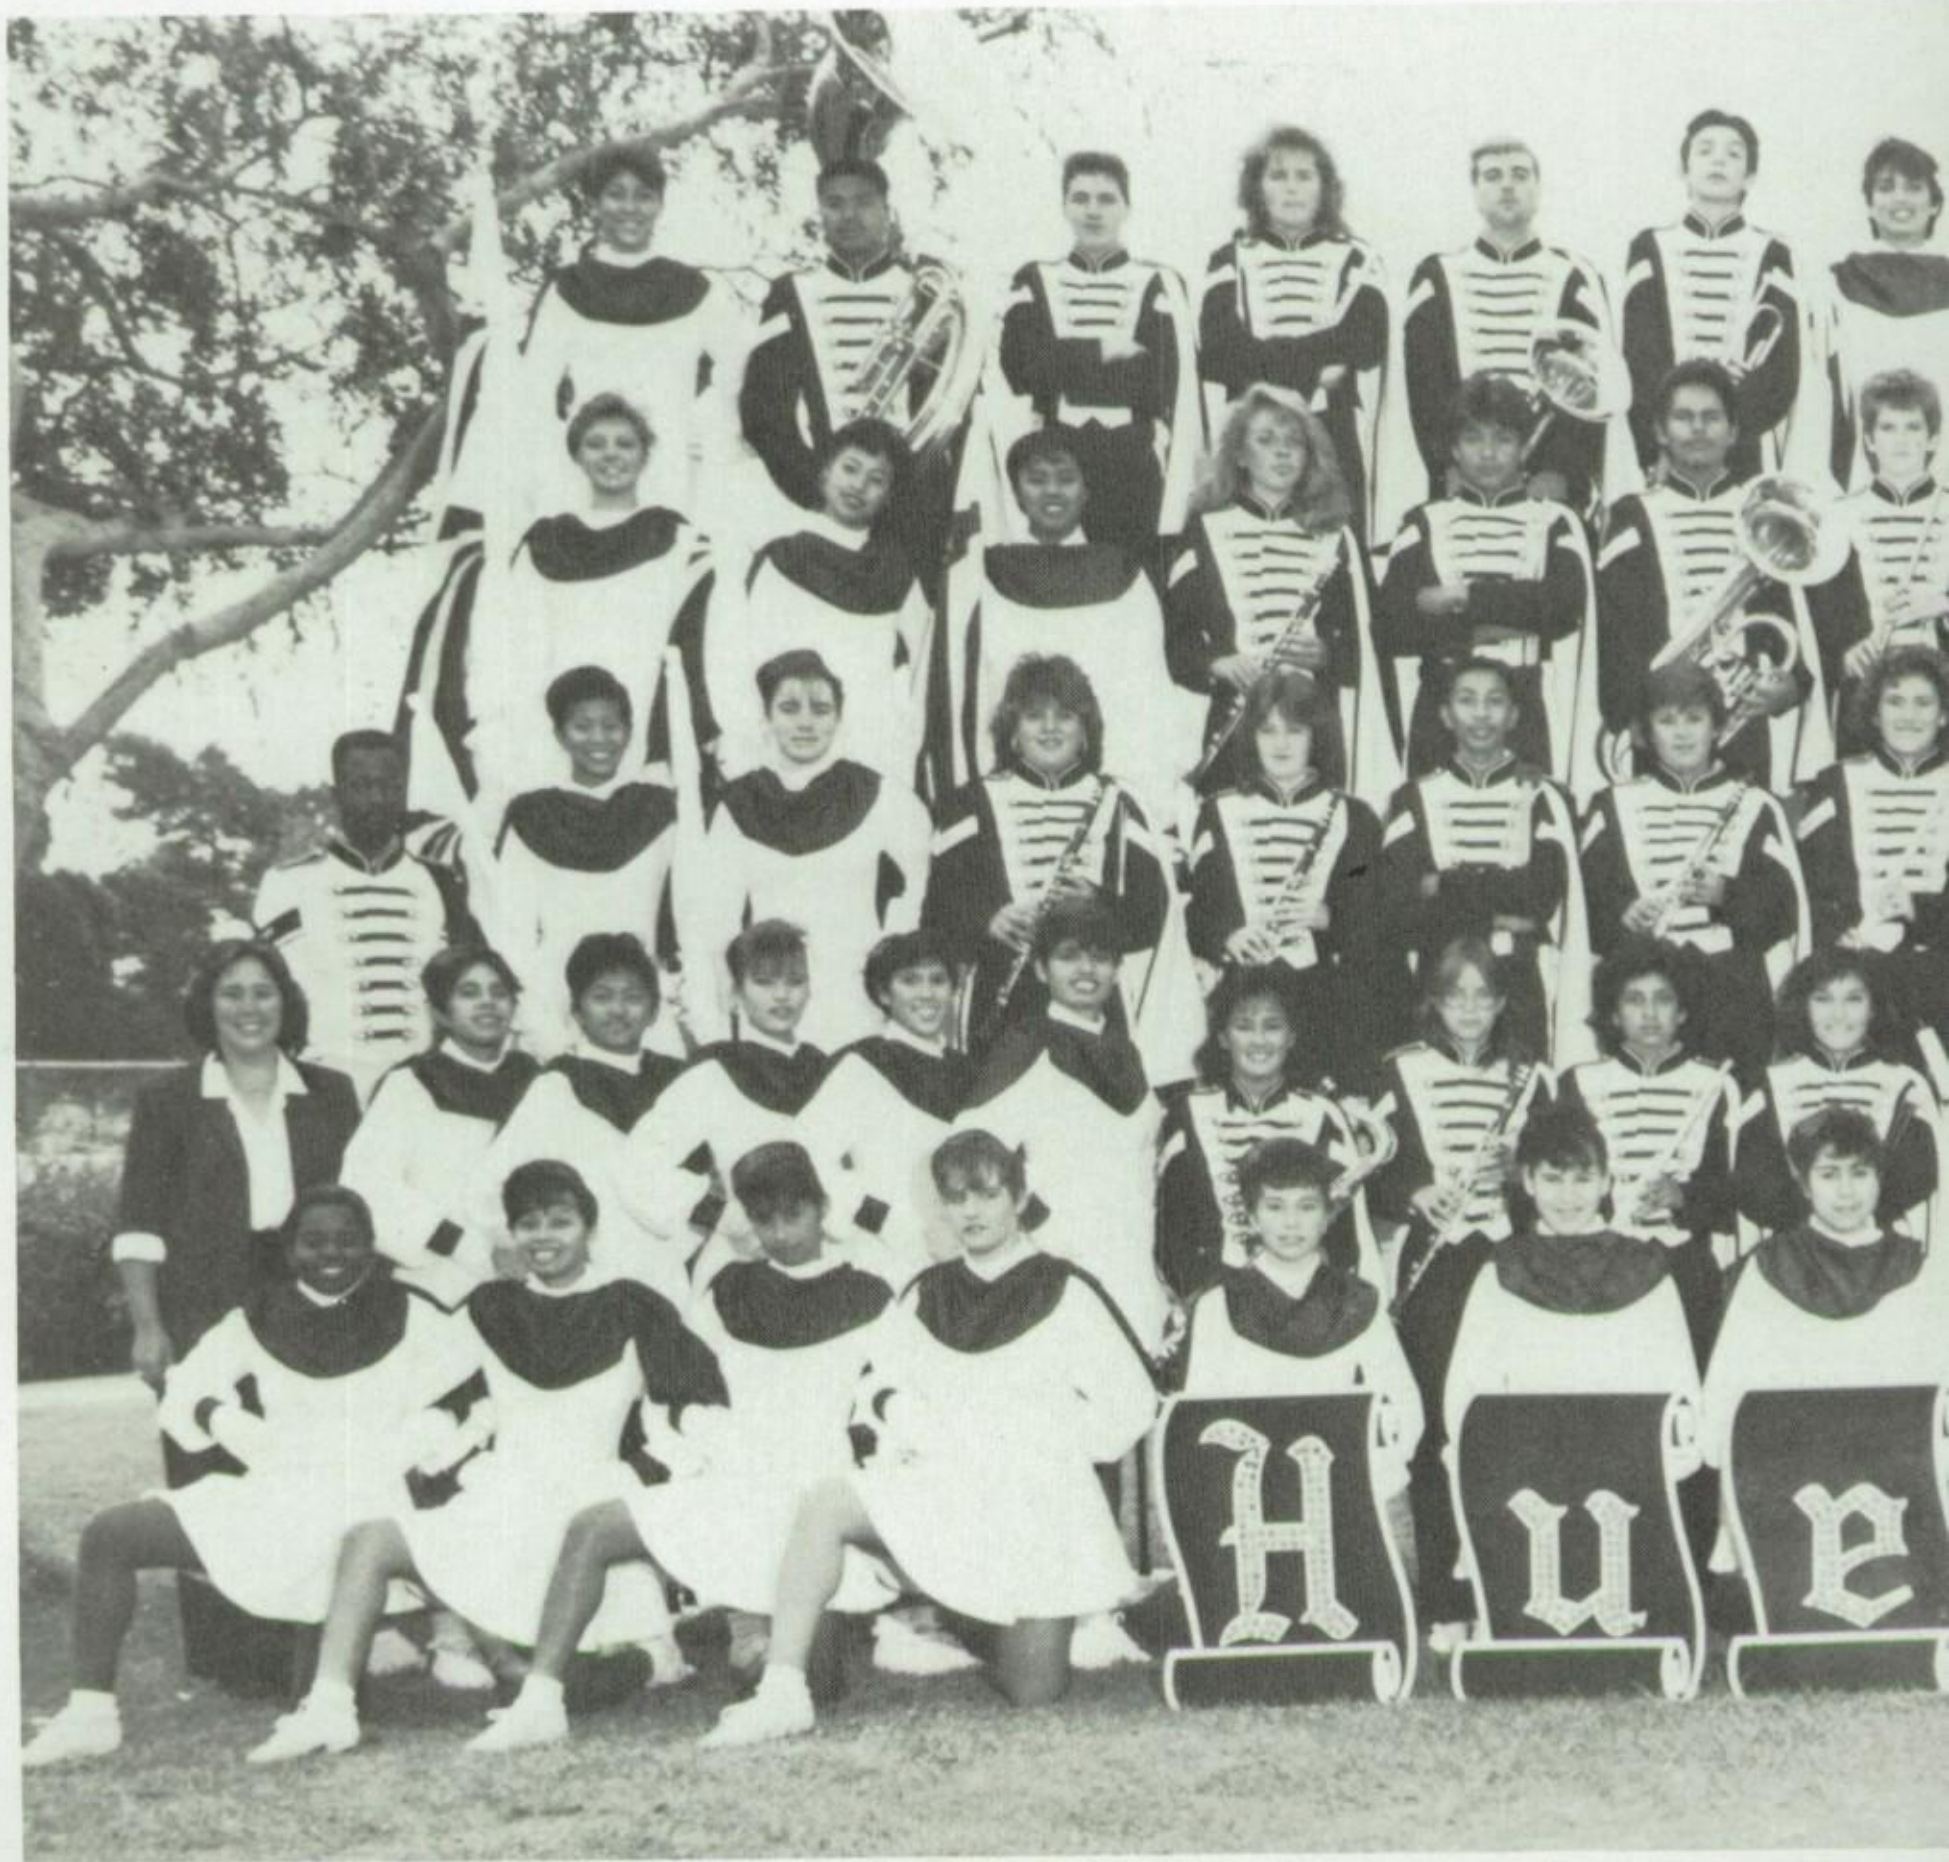

SORE TROATS are sometimes a result of the rigorous performing schedule of the H.H.S. choir. Around Christmas time the choir gave over three performances a week, including the very first performance which aired on K-TIE during the holiday season. Their moral boosting performances have cheered up lonely senior citizens, military groups, and clubs throughout Ventura county.

In spring time these singing birds nest at government centers and various other public places. If that's not enough to give them a sore throat, they also produce two major school performances each year. Although their wings may be tired, their sore throats are soaring!!!

Zoie Baker, Lena Baldwin, Nancy Brown, Kim Caputo, Marie Castro, Michelle Castro, Serena Chambers, Tashia Chapman, Bonnie Christian, Teresa Cisneros, Melissa Combs, Rhonda Crocker, Mona Diaz, Dan Dolohery, Shannon Dunn, Desiree Galleo, Lila Haralson, Diana Herrera, Cindi Kraetsch, Chris Lang, Mike Leeds, Dawn Long, Staci Melton, Amy Miller, Ta'Ree Morris, Janice Neff, Sharon Neff, Lisa Ochoa, Shannen (lee) Peterson, Melissa Pinion, Wendy Pusieski, Mario Sanchez, Josephine Tarrant, Kelly Tedford, Theresa Thompson, Celia Torres, and Mr. Doty

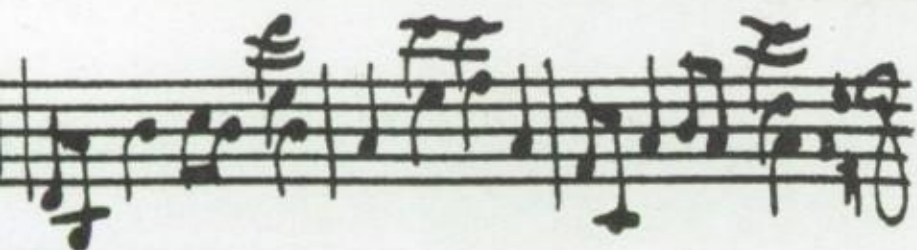

HEY, LOOK AT US! Notice anything new? Yes, it is our new uniforms, which drew plenty of oohs and aahs from audiences and judges alike. We all need to thank the school district and our hard-working parent booster club for splitting the cost of these sharp-looking uniforms.

Notice anything else? That's right, a Drill Team has been added; the first from Hueneme in many years. It, as well as the other auxiliary units, was under the top-notch direction of Marlys Helmuth.

All marching units did extremely well in competition this year. Some of the highlights include: Tall Flags - 1st Place at the Simi Valley parade; Majorette Tamara Gordon - 1st Place at the Oxnard Christmas parade; Major Anthony Williams - 2nd Place at the Oxnard Christmas parade; Band - 2nd Place at the Simi Valley parade; Drill Team and Tall Flags - 2nd Place at the Oxnard Field Show tournament, with Band taking 3rd Place. The crowning glory, however, came at the Norwalk Field Show Tournament when the Band, Drill Team, and Tall Flags walked off with a 1st Place for each!!!!

At the end of the first semester, the auxiliary units looked forward to more competitions, and the Band looked forward to concert season, with its many festivals where the Band has shown such strength in the past. Additionally, the Band travelled to both Magic Mountain and to Disneyland to perform. For the second year in a row, Gina Coronado was selected to perform with the prestigious California All-State Honor Band in San Jose. Congratulations, Gina!!

AMIGOS UNIDOS

Club Amigos Unidos helped the E.S.L. classes do more activities in school. They had a big party in the month of March. Their future goal is to be more active in school and to get more E.S.L. students to participate in different activities. This year's club officers were Alejandra Ocana, president; Maria Lopez, vice president; Bexi Luna, secretary; Brenda Molina, treasurer; and Jorge Martinez, sgt of arms.

Black Student Union is a club that tries to promote an understanding among ethnic groups. By getting involved in school activities they made people aware of the many contributions that blacks and other minority groups have made. They performed in the Christmas assembly, donated a float in the Homecoming parade, and contributed their attendance in the Homecoming mini parade around the school.

ASIAN

AMERICAN

An emphasis on cultural revival was one of the main reasons why this year's Asian American had a family type atmosphere. Through their efforts, they did a dance called tinikling and built a bamboo hut to sell lumpias during the Autumnfest Festival. Doing this, they felt their ancestry actually come alive. With a deeper sense of their past, they have discovered a new pride in their heritage. This year they were able to accomplish much because of the dedicated officers. They were Anthony Castillo, President; Jessie Castillo, Vice-President; Neriza Aguilar, Secretary; Annabelle Oasan, Treasurer; and Jason Alamares, Sargeant at Arms.

CAMPUS LEAGUE

After going through difficulties with seeking an advisor, the problem was finally solved with the formation of CAMPUS LEAGUE/FTA (Future Teachers of America).

The club originally started out as the GIRLS' LEAGUE, only open to girls. As the years progressed, the club became open to everybody and became known as CAMPUS LEAGUE.

At the beginning of the '86-'87 school year, CAMPUS LEAGUE had no advisor. There was another club, FTA, with no members. The two clubs merged and formed CAMPUS LEAGUE/FTA with Mrs. Brenda Christianson as the advisor.

Since CAMPUS LEAGUE was best known for their Sadie Hawkins and Hawaiian dances, they still held their normal club activities. The club also went on field trips to seminars and conferences.

JUNIOR STATESMEN

This year the Junior Statesmen of America Debate Club was very busy. Since it was an election year and the bicentennial of the Constitution, there were many activities. We attended seven one-day conferences at Santa Barbara and UCLA. We also attended the fall over-night "200 Years of the Constitution" and the three-day "Spring State" at the Los Angeles Airport Hilton.

We were involved in many controversial debates, such as communism/socialism. We had two students Chris Martinez and Jennifer Reese, involved in the "Rose Bird" Debate at Santa Barbara. Jennifer brought home a "Best Debater Award" to our school. We also sponsored the 1986 Constitutional Tights Foundation Mock Trial. This was a great year for JSA.

They sold football programs, which were designed and printed by the members of Pep Club. They succeeded well in the planning of Hueneme's first rally as well as the first night rally.

Pep Club's duties at Hueneme were to applaud our sports, spread spirit and enthusiasm over the players as well as the students. They gave the Football players and the Victorious Volleyball players this year a pizza party. Each week, Pep Club presented secret pal gifts to the athletes. Also, they awarded a varsity athlete in each sport "Athlete of the Week". They contributed much to the rallies that were held.

S.A.D.D. CLUB

Hueneme High School's S.A.D.D. is very happy to report that we have had a great year. I know it has been both a fun and interesting year for the club. We have been able to do many things like sending three of our members, including myself, up north to 1987 Teen Work program. We also have been involved in a community program called Safe Ride which will enable the kids in the Oxnard area to get a safe ride home when they are at an event where there has been drinking and our school nurse who was our great advisor has helped me to make S.A.D.D. one of the best clubs to be involved in. I would like to thank all of our members who were a major part that made S.A.D.D. the club it is today. Cheryl Rauch and I would like to see more of Hueneme High's students get involved. We look forward to seeing many new and old faces next year.

Spirit . . . Spirit . . . Spirit is what the Juniors had this year. During rallies and assemblies, you were sure to hear the Juniors roaring above all.

This year the class of '88 was busy raising money for a successful and memorable '87 Junior/senior prom. Trying to find fundraisers big enough to raise up the couple of thousands of dollars the Juniors needed in order to put on a superb prom was a hard task to do. But seemingly enough, the Juniors fulfilled it by the leadership qualities of the officers. This year's Junior class officers were Steve Romero (president) Mei Ling Louey (vice-president), Clara Silva (secretary), and Carrie Grimm (Jr. Rep.), Marco Silva (Treasurer).

Working together was the main source which assisted the Juniors on the accomplishment of a highly successful prom.

This year's Junior class was definitely the rowdiest Hueneme had ever seen. They were the loudest at rallies and you could count on them to yell their support at the athletic events.

Since they will become next year's Seniors, you can bet it will only get better. We had many stand out students and athletes in this class. Many of them went out and made Hueneme a household name, especially in volleyball arenas. Juniors, we are proud of you!

This year, the Sophomore class stood up and made the other classes take notice. No longer were they the "Frivolous Freshmen", but an independent, organized "melting pot" of ideas. By holding a Send-a-Friend a pumpkin sale, a Send-a-Friend a Stocking sale, other Send-a-Friend sales and sponsoring various other fund raisers, they made great strides towards the building up of funds for next year's Junior/Senior Prom. This has been an exciting year, so let's make the next two even *better!!*

As the school year began all of us freshman began to think about class officer elections. Eventually, officers were elected and we were ready to get the class of '90 into the high school scene. The 1986 Homecoming brought the freshman Princess, Suiley Ramirez. It also brought our float, entitled "Sweet Dreams", which took 4th place in the Homecoming parade during half-time. Our major class fundraisers included: the candy sales, which brought in a large sum of money, and the nacho sale at the 1986 Autumnfest. All in all, we had a successful and fun year as the class of 1990.

JUMP, SKIP

ANN SPIKE!

As we prepared for the 1986 Volleyball season, our main goal was to travel farther than any previous Hueneme team, the road to success. Little did we know then how literally we would travel that road. Our goals in tournament play was accomplished by taking first place at the Prep Nationals Tournament, Ventura Invitational Tournament, Palicades Tournament and second place at the San Marcos Tournament of Champions. We accomplished our league goals by taking first place for the 6th consecutive year with a season record of 14-0, winning all matches in three straight games. At the end of league play, we had a record of 76-2, 1981-1986 and were nationally ranked #4. CIF playoffs began with a home game and then we hit the road all the way to the CIF-SS Division 5A Championships where we took 2nd place. As the at large team in the state playoffs, we climbed back on the bus to begin our uphill climb to the finals. After nearly 75 hours of road travel, we headed home as the 1986 CIF-Division I State Champions, the first team in the Oxnard Union High School District to accomplish this feat and one of the four Ventura County teams to become State Champions. Goals are attainable, Dreams come true.
